Friday, March 2, 2018

Dear Governor Dayton,

Throughout my career I've focused on delivering positive results for all Minnesotans. At the federal level, I worked with farm communities to ensure they yielded good prices for their crops to keep our rural economy moving. At the state level, I helped create policies and budgets to ensure local governments and businesses were given the necessary tools they needed from state government to help supplement their success. At the local level, I led the team that secured necessary funding and policy to turn a decades-long blight into what will be the new MN United soccer stadium, which will serve as a strong economic engine for both Saint Paul and the region.

As a member of the Destination Medical Center Board, I will work with the community, local government, key stakeholders and the DMC Corporation to ensure I am doing all I can to help realize the vision to make the DMC a "global destination for health and wellness".

With a passion for public service, the desire to see our entire state succeed, and a talent for building consensus and ensuring stakeholder involvement, I will be a strong addition to the board. As plans for the DMC continue to move forward, my focus will be to act as a strong utility player. While helping move priorities forward like Discovery Square and Heart of the City, I will be an asset where additional community engagement is needed. I will help bridge any gaps whenever necessary in order to keep plans and priorities on track.

Serving as a member of the Destination Medical Center would be both an honor and responsibility I would take very seriously. I have a track record of diving into complex policy and projects as a driver towards successful outcomes. I would do nothing less as a member of the DMC Board. I appreciate your consideration of my appointment.

Sincerely,
Dana Bailey
