January 27, 2017

Dear Governor Dayton,

My Name is Alfreda Daniels.

I am writing this letter to make known my intention of serving on the State Board of Electricity. I am currently working as a community organizer with the Minneapolis Regional Labor Federation. With my current position, I organize in the northwest suburban communities around different issues ranging from employment, to education, housing and transportation.

I am also the founder of "Talent Emergence International", a nonprofit organization that mentor new immigrant youths from war zone countries.

I currently serve on the board of Transit for Livable Communities and St Paul Smart Trips. Transit for Livable Communities is a nonpartisan, nonprofit organization leading the movement for transportation reform in Minnesota. Through advocacy, community engagement and collaboration, innovative programming, and research, we promote a balanced transportation system that encourages transit, walking, bicycling, and thoughtful development.

Upon learning about this open position, I was immediately interested. With my background as a community organizer and advocacy, I strongly believe I can bring forth progressive ideas that can help this board achieved its mission and vision.

Thank you for taking the time to review this letter. I look forward to hearing and working with Your team.

Respectfully Yours,
Alfreda Daniels
