RECEIVED

APR 22 2019

President of the Senate

I have served on the Minnesota House Financing Agency for eight years and wish to continue for another term. My past experience as an elected public official for 18 years at the county, state and municipal levels has provided me with a vast understanding and knowledge of how government can best serve the constituency. I have been involved and led housing initiatives throughout my years in public office. I served as a member of the Housing Finance Committee as a state legislator. I headed the Love Elk River Transitional Housing Program for the six years it served homeless families in the Elk River area. I am a current member of the MN Board on Aging and have successfully brought housing to the forefront of the board's discussion on serving the present and coming large number of "baby boomer" elders in Minnesota. I have advocated at the board level for greater communication and cooperation between the Housing Agency and the Board on Aging. This has resulted in greater awareness of senior housing needs at both agencies and, in particular, the housing needs associated with elders living below the poverty level. There is much work to be done in providing safe, affordable, decent housing for every one in Minnesota. I strongly believe in the mission of Minnesota Housing and would be delighted to be reappointed to the agency board to continue my involvement in this important work.

RECEIVED
