April 30, 2018

Dear Governor Dayton,

Thank you for appointing me to the Board of Trustees of Minnesota State Colleges and Universities in 2012. It has been an honor to serve. As you know, our colleges and universities prepare Minnesota's workforce and offer Minnesotans the most affordable opportunity to pursue their dreams through higher education.

Many of our students are like me, the first in their families to go to college. Their education not only changes their lives but their families, their communities and our state's well-being. One of the most rewarding experiences we have as trustees is to participate in commencements and see the joy and pride on the faces of students.

As a trustee, my primary goal is student success. A component of student success is that students need to see leaders who look like them. As Chair of the Human Resources Committee at Minnesota State, I have made it a priority to accelerate the hiring of presidents, administrators, faculty and staff that represent the diversity of our students.

During my 6 years on the board, we have chosen many women and people of color as presidents and system leaders. In July, when the new presidents of Rochester Community and Technical College and St. Cloud Technical and Community College join us, fully one-third of our community college presidents will be African American or African.

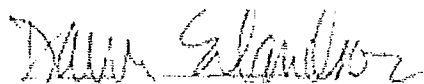

Earlier in my term, I pushed hard for improved branding and marketing to better tell our story so that more Minnesotans would take advantage of our educational opportunities. We are now Minnesota State, and our schools are collaborating to maximize the impact of marketing dollars on applications and enrollment.

I would be honored to continue to serve Minnesota as a Trustee of Minnesota State Colleges and Universities and request reappointment to the Board. This role also allows me to serve as an executive committee leader of the Association of Community College Trustees where I help grow and improve the community college movement. I have attached a resume relevant to my higher education experience.

Thank you for your consideration. Please let me know if you have questions of me.
