Office of the Secretary of State, Open Appointments
180 State Office Building
100 Rev. Dr. Martin Luther King, Jr. Blvd
St Paul, MN 55155-1299

Dear Governor Walz,

I am writing in request to be considered for a Power Limited Technician/Technology Systems Contractor position on the Minnesota State Board of Electricity.

Having worked in the power limited electrical industry for 17 years, I have successfully fulfilled roles as an Installation Technician, Project / Service Coordinator, Service Manager, and currently the Director of Labor Resources. This experience has given me a strong understanding of the industry. If appointed to the Board of Electricity I would have much to offer.

I have always had a hunger for knowledge and a determination that exceeded those around me. It is this hunger and drive that has enabled me to advance my career from a "boots on the ground" experience to my current Director position.

In 1996 I graduated from Sallina South High School in Kansas as a member of the National Honors Society and pursued college with the intent of being a teacher. After deciding to be closer to family, I moved to Minnesota in 2001. It was at that time I decided to redirect my career path and enroll in the Sound Data and Alarm System Design program at Dunwoody College of Technology in Minneapolis. I achieved my Minnesota Power Limited Technician license in 2003 and in 2004 I graduated from Dunwoody at the top of my class. Since my graduation, I have been successful in several roles within the industry.

For the last 15+ years I have worked for Master Technology Group where I enjoy sharing and growing my industry knowledge. In conjunction with my position, I am actively involved with the National Electrical Contractors Association. This association allows me to communicate with other contractors and industry leaders which broadens my knowledge of the industry's opportunities and challenges.

In addition to my career, I am a single mother of 13-year old twins. I am dedicated to teaching my children good values and raising them to be positive additions to society. I also enjoy participating in their education and activities by volunteering when I am able. My detailed organizational skills and drive for excellence have been of value to the local organizations for which I have had the pleasure of volunteering.

My background has no legal or financial concerns, and I would be happy to provide references upon request.

Please contact me with any additional questions you may have; I look forward to hearing from you.

Best regards,

A handwritten signature in black ink that reads "Sarah Gudmunson".

Sarah Gudmunson
Director of Labor Resources
Master Technology Group

Sarah.Gudmunson@callmtg.com

With 17 years in the industry, Sarah Gudmunson currently holds a position as the Director of Labor Resources for Master Technology Group. In this role she oversees field operations for 50+ employees and has numerous other responsibilities for the company. These responsibilities include, but are not limited to, the management, training and development of all field employees, overseeing field scheduling and local service coordination, implementing company safety policies and procedures, and managing the company's vehicle fleet and tools.

Sarah's interests in technology, processes, and people have contributed to her success at MTG. She believes that having the right people with the right skill sets for a specific job is necessary for company success. Sarah has been involved in and continues to write many processes for MTG. She ensures that staff is trained properly for the situations they are working in. The quality of work that Sarah and MTG performs has resulted in repeat business and client referrals for the company.
