To Whom It May Concern:

I am applying for reappointment as a judge of the Workers' Compensation Court of Appeals. My experience and knowledge make me uniquely qualified for the position.

I have served on the court since 2002. In that time I have written over 460 opinions, covering every aspect of workers' compensation law. Additionally, I have been on the panel in 600 more opinions written by my colleagues. In the last two years, I have authored 20 opinions dealing with issues such as Edquist fees, scope of a settlement, withdrawal from the labor market, causation of PTSD, fall on stairs as arising out of employment, and Indian tribal sovereignty. Six of those opinions from the last two years were appealed to the Minnesota Supreme Court and five were affirmed.

I enjoy this work and my strengths in writing, analysis, and communication allow me to excel in the duties of an appeals judge. I would like to continue to use these skills by working for the people of Minnesota at this position. Thank you for your consideration.

Sincerely,
