Boards and Commissions
Office of the Minnesota Secretary of State Steve Simon
Saint Paul, MN 55155

RE: Plumbing Board Appointment, Municipal Plumbing Inspector - Metro

Dear Boards and Commissions,

RECEIVED

OCT 22 2022

President of the Senate

I am highly motivated and approach goals from a diverse professional career as a Master plumber, City of Saint Paul Inspector, Saint Paul College Instructor for Plumbing, and as an experienced board member of several state and national plumbing industry boards and committees. I believe my comprehensive professional experience, and passion for bridging gaps between residents, business, and government sectors, specifically qualify me for the challenging position on the Minnesota State Plumbing Board.

During my tenure as a Plumbing Inspector for Saint Paul Regional Water Services I served as the Project Coordinator - Civil East Central Corridor Light Rail Transit Project, I was part of the team that coordinated and inspected the temporary and permanent water mains with customers, contractors, and CCPO representatives. I was required to interact daily with business owners inconvenienced by construction and construction crews with tight timelines. This is one of many job experiences that have provided me with effective collaborative skills and the ability to manage multiple tasks. I am known to be approachable, strategic, and a strong communicator. I have extensive hands on experience as a Master plumber and I developed an in-depth knowledge of Minnesota's Plumbing Code, State Building Code, as a board member on the Minnesota State Plumbing Board and several Board Committees. Also, I have been working as a Saint Paul Plumbing Inspector for over 7 years and have advanced knowledge of Saint Paul Regional Water Service Code. In all I have over 14 years of experience serving as a Plumbing Inspector for the City of Saint Paul.

In my 25-plus years of working in the plumbing industry, I have gained experience and skills applicable to all the service areas assigned to a Plumbing Inspector. I would be honored to utilize my experience to help the Minnesota Department of Labor and Industries Plumbing Board to pursue its mission and goals and to provide the highest quality services possible for Minnesota's residents and businesses.

Sincerely,
Karl Abrahamson
