To Minnesota Board on Judicial Standards

I am writing this letter to apply for the public member position on the Minnesota Board of Judicial Standards. I heard about the opening from Sara Boeshans, staff attorney, with whom I worked during my tenure on the Minnesota Board of Psychology. I am comfortable and experienced with regulatory boards, have a background in professional ethics, and am keenly interested in the integrity of the judicial system.

I am a forensic psychologist in private practice in St. Paul. My work regularly brings me into close contact with the legal system. I testify frequently and regularly present CLE programs. These experiences pique my interest in the position and reflect a background that would bring value to your board.

I have previous regulatory board experience and other relevant committee experiences. I served on the Minnesota Board of Psychology between 2012 and 2019 and was the chair from 2015-2018. I am also a past chair of the Minnesota Psychological Association Ethics Committee and a current member of the American Psychological Association Ethics Committee.

I hope that you will consider my application to the public member position on the Board of Judicial Standards. If you have any questions about my qualifications or interest, feel free to contact me at 651-260-6602

Sincerely

Scott A Fischer, L.P.
