Languages: Fluent in English, French & Pulaar; Functional in Hassinya (Arabic dialect from Mauritania, NW Africa)
Named as One of 40 Women Who Lead by MN Business Magazine Jan 2017 / Top Secret Clearance (2014)

PROFESSIONAL EXPERTISE

Chief Executive Officer Mercury Technologies of Minnesota, Inc. (MTM) Pine City, MN 2007 – Present
MTM is a leading universal/hazardous waste management and consulting; strict no landfill policy company.

Compose Universal and Hazardous Waste Plans for 20+ Fortune 100 and 500 companies in mining, oil and defense sectors. Develop Environmental Quality and Health & Safety Policies for industrial clients. Conduct informal, consultative audits and advise clients on implementing ISO 14001/9001, EPCRA/Local Authority Agreements, and OSHA certification requirements. Design and deliver annual and routine staff health and safety training programs. Oversee facility permitting and closure plans through EPA and MN Pollution Control Agency. Develop/approve annual budget. Steer 50+ annual contract negotiations.

Safety & Sustainability

- **Shaped and actualized 12 statewide and national programs in one year** for fluorescent lamp recycling, partnering with local, state, and federal units of government, electric utilities, and retail industries.
- **MTM boasts zero lost time accidents in 20 years.** Continually modify safety programs and training to align with new and changing standards.
- **Issued 684% increase in mercury emissions reduction credits for major utility partner over three years.** Expanded CFL/fluorescent lamp recycling and coupon programs in four states, covering most of utility's territory.
- **Serve as Advisory Board Member** on Cross Sector Minnesota Rulemaking Commission for Mercury Emission Reduction of Point and Non-Point Source Pollution.

Regulatory Compliance

- **Compelled EPA and Minnesota Pollution Control Agency (MPCA) to rescind only Notices of Violations issued to MTM in 15 years** by demonstrating improper issuance of Notices. Reviewed all regulations, statutes and rules.
- **Prompted MPCA to drop requirement of stack monitoring for mercury air emissions.** Conducted mass balance and proved facility emission of <0.1 lbs. mercury annually, as MPCA claimed > 80 pounds more Hg emission.

Strategic Program Planning

- **Swelled profits 27% over 17 months, despite recession; surged number corporate clients up 66%.** Diversified client portfolio; expanded UPS recycling mail-back program, more cost effective for small to mid-sized businesses.
- **Propelled sales up 348% over two years** by strategizing to expand UPS mail-back recycling program and by facilitating partnership program with Ace Hardware Corporation for LED recycling at 5,000 stores.

Team Leadership

- **Grew profits by 157% in three years; generated year-over-year revenue gains.** Turned around struggling division.
- **Lengthened average employee tenure from eight months to seven years** by shifting internal corporate culture. Held open discussions with staff at all levels to identify solutions; maintain open door policy.
