Dear Governor Walz,

I respectfully submit my application for reappointment to the Minnesota State Colleges and Universities Board of Trustees. I seek this reappointment because of the passion I have for public education and for the opportunities that it provides to all the people of Minnesota. I attended Hibbing Community College and am a proud graduate with a major in Education from St. Cloud State University. I know firsthand how those institutions changed my life, and I am a proud advocate of their missions. I also know that along with access we must continue to ensure that we give our faculty and staff the resources they need to maintain quality programs that gives our graduates the tools they need to enter into Minnesota's workforce.

Minnesota's economy has many pressures and I understand that from owning a business for 50 years and what is crystal clear to me is that we thrive when we grow our talent in Minnesota and they stay in our communities. I am committed to the vision of Equity 2030 that has been championed by Chancellor Malhotra and adopted by the Board of Trustees and that we have to serve all of our communities to move our entire state forward.

Having spent my entire life working and raising a family on the Iron Range we have witnessed many ups and downs in our region and the one area that has remained constant is our commitment to public education for all Minnesotans. That experience was what guided me while I served as an elected official for 18 years including as a member of the Minnesota House of Representatives and the Minnesota State Senate.

During my term on the Board of Trustees, I have had the opportunity to serve on several committees including chairing the Board's Facilities Committee which sets the parameters and capital investment projects across our 54 campuses in a collaborative manner. In addition, I have had the opportunity to take part in the interview process and selection of our college and university presidents which is a critical role for trustees as we identify the senior leaders of our colleges and universities.

That experience with my passion for public education, operating a business as well as understanding the role of being an advocate for our students, faculty, and staff is the reason I respectfully ask for your consideration to be reappointed to the Minnesota State Board of Trustees.

Sincerely,

Jerry Janezich
