RYBARCZYK

Ambulance Director

**PROFILE**

My primary work is in city government as a department head for the City of Lake City. I am looking for additional opportunities to pursue other interests, and to develop additional life skills and experiences that will expand my knowledge base. I also believe very strongly in service to local and state community infrastructure.

**SKILLS**

---

I am comfortable with communication and interactions with every type of ethnicity and background due to my varied work experience. I have excellent skills in customer service, in working with stakeholders from every level of government, public safety professionals, healthcare professionals, and with patients with varied backgrounds and life experiences. I am familiar with the work and challenges within public administration and government, and feel strongly that I would integrate well within a varied environment that blends public service administration and the field of EMS. I also have experience as a teacher and educator within secondary schools and as an EMS instructor.

November 4, 2021

Thank you for taking the time to consider my application and resume for the Emergency Services Regulatory Board. I believe that I would be a valuable member of the Board for many reasons. I am passionate about ensuring the sustainability and growth of EMS within the State of Minnesota. I am also eager to promote change, bring forward fresh ideas and perspectives on the changing field of EMS, and I also understand the importance of being able to work collaboratively with peers, stakeholders, and MN legislature to maintain and improve the effectiveness of emergency services in Minnesota. I also have experience in each of the powers and duties of the board as outlined. I have served my current city with integrity, transparency, and ethical fairness when interpreting and applying policies and regulations in regard to city and ambulance department operations and business. I feel strongly that these principles of integrity and ethics are an important part of being capable of serving on an advisory board that has oversight and authority over emergency services that provide care to the citizens of Minnesota. If I were to be appointed to the EMS Regulatory Board, I would honor the time, commitment, and responsibility that is necessary to ensure the success of the objectives of the board and to support EMS systems across the state.

Thank you,

**Sara Rybarczyk**
