"Sec. 29. Minnesota Statutes 1998, section 56.131, subdivision 1, is amended to read:

Subdivision 1. [INTEREST RATES AND CHARGES.] (a) On any loan in a principal amount not exceeding \$100,000 or 15 percent of a Minnesota corporate licensee's capital stock and surplus as defined in section 53.015, if greater, a licensee may contract for and receive interest, finance charges, and other charges as provided in section 47.59.

(b) Loans may be interest-bearing or precomputed.

(c) Notwithstanding section 47.59 to the contrary, to compute time on interest-bearing and precomputed loans, including, but not limited to the calculation of interest, a day is considered 1/30 of a month when calculation is made for a fraction of a calendar month. A year is 12 calendar months. A calendar month is that period from a given date in one month to the same numbered date in the following month, and if there is no same numbered date, to the last day of the following month. When a period of time includes a whole month and a fraction of a month, the fraction of a month is considered to follow the whole month.

In the alternative, for interest-bearing loans, a licensee may charge interest at the rate of 1/365 of the agreed annual rate for each actual day elapsed.

(d) With respect to interest-bearing loans and notwithstanding section 47.59:

(1) Interest must be computed on unpaid principal balances outstanding from time to time, for the time outstanding. Each payment must be applied first to the accumulated interest and the

remainder of the payment applied to the unpaid principal balance; provided however, that if the amount of the payment is insufficient to pay the accumulated interest, the unpaid interest continues to accumulate to be paid from the proceeds of subsequent payments and is not added to the principal balance.

(2) Interest must not be payable in advance or compounded. However, if part or all of the consideration for a new loan contract is the unpaid principal balance of a prior loan, then the principal amount payable under the new loan contract may include any unpaid interest which has accrued. The unpaid principal balance of a precomputed loan is the balance due after refund or credit of unearned interest as provided in paragraph (e), clause (3). The resulting loan contract is deemed a new and separate loan transaction for all purposes.

(e) With respect to precomputed loans and notwithstanding section 47.59 to the contrary:

(1) Loans must be repayable in substantially equal and consecutive monthly installments of principal and interest combined, except that the first installment period may be more or less than one month by not more than 15 days, and the first installment payment amount may be larger than the remaining payments by the amount of interest charged for the extra days and must be reduced by the amount of interest for the number of days less than one month to the first installment payment; and monthly installment payment dates may be omitted to accommodate borrowers with seasonal income.

(2) Payments may be applied to the combined total of principal and precomputed interest until the loan is fully paid. Payments must be applied in the order in which they become due.

(3) If the maturity of the loan is accelerated for any reason and judgment is entered, the licensee shall credit the borrower with the same refund as if prepayment in full had been made on the date the judgment is entered.

(4) Following the final installment as originally scheduled or deferred, the licensee, for any loan contract which has not previously been converted to interest-bearing under ~~clause (7) paragraph (g)~~, may charge interest on any balance remaining unpaid, including unpaid default or deferment charges, at the single annual percentage rate permitted by this subdivision until fully paid.

(5) With respect to a loan secured by an interest in real estate, and having a maturity of more than 60 months, the original schedule of installment payments must fully amortize the principal and interest on the loan. The original schedule of installment payments for any other loan secured by an interest in real estate must provide for payment amounts that are sufficient to pay all interest scheduled to be due on the loan.

~~(6)~~ (f) A licensee may contract for and collect a delinquency charge as provided for in section 47.59, subdivision 6, paragraph (a), clause (4).

~~(7)~~ (g) A licensee may grant extensions, deferments, or conversions to interest-bearing as provided in section 47.59, subdivision 5."

(a)(1) Every retail installment contract shall be in writing, shall contain all the agreements of the parties, shall be signed by the retail buyer and seller, and a copy signed by the retail buyer shall be furnished to such retail buyer at the time the retail buyer executes the contract. The copy signed by both the retail buyer and retail seller shall be provided to the retail buyer within seven days after delivery of the vehicle. With respect to any contract executed prior to August 1, 1996, which has not been paid in full by the retail buyer, the retail seller shall provide such retail buyer a copy signed by both the retail buyer and retail seller within 120 days after August 1, 1996.

(2) No provisions for confession of judgment or power of attorney therefor contained in any retail installment contract or contained in a separate agreement relating thereto, shall be valid or enforceable.

(3) The holder of a precomputed retail installment contract may, if the contract so provides, collect a delinquency and collection charge on each installment in arrears for a period not less than ten days in an amount not in excess of five percent of each installment or \$5, whichever is greater. In addition to such delinquency and collection charge, the retail installment contract, whether interest-bearing or precomputed, may provide for the payment of attorneys' fees not exceeding 15 percent of the amount due and payable under such contract where such contract is referred to an attorney not a salaried employee of the holder of the contract for collection plus the court costs.

(4) Unless written notice has been given to the retail buyer of actual or intended assignment of a retail installment contract, payment thereunder or tender thereof made by the retail buyer to the last known holder of such contract shall be binding upon all subsequent holders or assignees.

(5) Upon written request from the retail buyer, the holder of the retail installment contract shall give or forward to the retail buyer a written statement of the dates and amounts of payments and the total amount unpaid under such contract. In lieu of the above clauses, the retail seller may give the retail buyer disclosures which satisfy the requirements of the Federal Truth-In-Lending Act in effect as of the time of the contract, notwithstanding whether or not that act applies to the transaction.
