(11) otherwise comply with all requirements developed by the supervising principal investigator.

(b) A patient's enrollment in a clinical trial may not be denied based on the use of medical cannabis in a jurisdiction outside of Minnesota. Enrollment shall only be denied if the patient has not been diagnosed with a qualifying medical condition.

Subd. 6. **Manufacturer of medical cannabis.** (a) The commissioner shall contract with one manufacturer for the production of all medical cannabis products within the state by December 1, 2014, unless the commissioner obtains an adequate supply of federally-sourced medical cannabis products for the clinical trials no later than August 1, 2014. The commissioner shall continue to accept applications after December 1, 2014, if no manufacturer that meets the qualifications set forth in this subdivision applies prior to December 1, 2014. If a federally approved source of medical cannabis becomes available after December 1, 2014, the commissioner may obtain the federally approved medical cannabis in addition to medical cannabis from the contracted with manufacturer within the state of Minnesota.

(b) The operating documents of the manufacturer must include procedures for the oversight of the manufacturer and procedures to ensure accurate record keeping.

(c) The manufacturer shall implement appropriate security measures to deter and prevent the theft of cannabis and unauthorized entrance into areas containing cannabis.

(d) All cultivation, harvesting, manufacturing, and packing of cannabis must take place in an enclosed, locked facility at a physical address provided to the commissioner during the contracting process.

(e) Prior to distribution of any medical cannabis to the principal investigator, or the commissioner acting as the principal investigator under subdivision 3, paragraph (d), the manufacturer must process and prepare any cannabis plant material into a form allowable under subdivision 2, paragraph (d).

(f) The manufacturer shall not share office space with or refer patients to a practitioner.

(g) The manufacturer shall not permit any person to consume cannabis on the property of the manufacturer.

(h) The manufacturer is subject to reasonable inspection by the commissioner. The commissioner shall give reasonable notice of an inspection.

(i) The manufacturer may not employ or otherwise allow any person who is under 21 years of age to be an agent of the manufacturer.

(j) All products manufactured must be tested as to content, contamination, and consistency by a certified laboratory to verify such products meet the requirements of subdivision 2, paragraph (d).

(k) The medical cannabis manufacturer shall produce medical cannabis with a chemical consistency of cannabidiols and tetrahydrocannabinols as determined by the principal investigator.

(l) For the purposes of this section only, the manufacturer of medical cannabis products is not required to be licensed under section 151.252 or 151.47.

Subd. 7. **Data practices.** (a) Data in patient files with both the clinical investigator and the principal investigator, and data submitted to or by the medical cannabis manufacturer are private data on individuals or nonpublic data as defined in section 13.02.

(b) Government data of the commissioner may not be used for any purpose not provided for in this section and may not be combined or linked in any manner with any other list or database.

Subd. 8. **Protections for clinical trial participation; criminal and civil.** (a) There is a presumption that a patient enrolled in a clinical trial under this section is engaged in the authorized use of medical cannabis.

(b) The presumption may be rebutted by evidence that conduct related to use of medical cannabis was not for the purpose of treating or alleviating the patient's qualifying medical condition or symptoms associated with the patient's qualifying medical condition pursuant to this section.

(c) For the purposes of this section only, the following are not violations under this chapter:

(1) use or possession of medical cannabis by a patient in the clinical trials program, or possession by the parent or guardian of a patient under age 18;

(2) possession, prescribing the use of, administering, or dispensing of medical cannabis, or any combination of these actions, by the principal investigator or by any clinical investigator;

(3) possession or sale of medical cannabis by a pharmacy or the medical cannabis manufacturer which produces or stores medical cannabis on behalf of the principal investigator or a clinical investigator; and

(4) possession of medical cannabis products by any person while carrying out the duties required under this section.

(d) Medical cannabis obtained and distributed pursuant to this section and associated property is not subject to forfeiture under sections 609.531 to 609.5316.

(e) A principal or clinical investigator is not subject to any civil or disciplinary penalties by the Board of Medical Practice or by any business, occupational, or professional licensing board or entity, solely for the investigator's participation in a clinical trial under this section. Nothing in this

section prohibits a professional licensing board for sanctioning a principal or clinical investigator for an investigator's actions outside of those actions allowed under this section.

(f) For the purposes of this section only, medical cannabis is removed from Schedule I contained in section 152.02, subdivision 2, and inserted in Schedule II contained in section 152.02, subdivision 3.

Subd. 9. **Discrimination prohibited.** (a) No school or landlord may refuse to enroll or lease to and may not otherwise penalize a person solely for the person's status as a patient enrolled in a clinical trial under this section, unless failing to do so would violate federal law or regulations or cause the school or landlord to lose a monetary or licensing-related benefit under federal law or regulations.

(b) For the purposes of medical care, including organ transplants, a clinical trial enrollee's use of medical cannabis under this section is considered the equivalent of the authorized use of any other medication used at the discretion of a physician and does not constitute the use of an illicit substance or otherwise disqualify a qualifying patient from needed medical care.

(c) Unless a failure to do so would violate federal law or regulations or cause an employer to lose a monetary or licensing-related benefit under federal law or regulations, an employer may not discriminate against a person in hiring, termination, or any term or condition of employment, or otherwise penalize a person, if the discrimination is based upon either of the following:

(1) the person's status as a patient enrolled in a program under this section; or

(2) a patient's positive drug test for cannabis components or metabolites, unless the patient used, possessed, or was impaired by medical cannabis on the premises of the place of employment or during the hours of employment.

(d) A person shall not be denied custody of or visitation rights or parenting time with a minor solely for the person's status as a patient enrolled in a program under this section, and there shall be no presumption of neglect or child endangerment for conduct allowed under this section, unless the person's behavior is such that it creates an unreasonable danger to the safety of the minor as established by clear and convincing evidence.

Subd. 10. **Fees.** The commissioner may set reasonable application fees and renewal fees to be paid to the commissioner by a patient with a qualifying medical condition that covers the fees incurred in manufacturing medical cannabis by the medical cannabis manufacturer. Fees collected must be deposited in the special revenue fund and are appropriated annually to the commissioner to reimburse costs incurred by the manufacturer of medical cannabis. The commissioner shall establish a sliding scale of patient fees based upon a qualifying patient's household income. The commissioner may accept private donations to reduce patient fees.

Subd. 11. **Exemption from taxes.** Fees paid under subdivision 9 are not subject to taxes under section 295.52. The sale to or use by a principal investigator or clinical investigator of medical cannabis products are not subject to taxes under chapter 297A. The exemptions under this subdivision expire on June 30, 2019.

Subd. 12. **Nursing facilities.** Nursing facilities licensed under chapter 144A, or boarding care homes licensed under section 144.50, may adopt reasonable restrictions on the use of medical cannabis by persons receiving inpatient services. The restrictions may include a provision that

the facility will not store or maintain the patient's supply of medical cannabis, that the facility is not responsible for providing the medical cannabis for qualifying patients, and that cannabis be consumed only in a place specified by the facility. Nothing contained in this section shall require the facilities to adopt such restrictions, and no facility shall unreasonably limit a qualifying patient's access to or use of medical cannabis.
