(c) The commissioner shall establish criteria that a targeted case management provider must attest to in order to demonstrate the safety or efficacy of delivering the service via ~~interactive video~~ telehealth. The attestation may include that the case management provider has:

The commissioner may limit the delivery of services by telehealth to audio and visual communications if the commissioner determines that face-to-face interaction is necessary to ensure that services are delivered appropriately and effectively.

Sec. 17. Minnesota Statutes 2020, section 256B.0924, subdivision 6, is amended to read:

**Subd. 6. Payment for targeted case management.** (a) Medical assistance and MinnesotaCare payment for targeted case management shall be made on a monthly basis. In order to receive payment for an eligible adult, the provider must document at least one contact per month, either in person or by telehealth, and not more than two consecutive months without a face-to-face in-person contact with the adult or the adult's legal representative, family, primary caregiver, or other relevant persons identified as necessary to the development or implementation of the goals of the personal service plan.

(b) Payment for targeted case management provided by county staff under this subdivision shall be based on the monthly rate methodology under section 256B.094, subdivision 6, paragraph (b), calculated as one combined average rate together with adult mental health case management under section 256B.0625, subdivision 20, except for calendar year 2002. In calendar year 2002, the rate for case management under this section shall be the same as the rate for adult mental health case management in effect as of December 31, 2001. Billing and payment must identify the recipient's primary population group to allow tracking of revenues.

(c) Payment for targeted case management provided by county-contracted vendors shall be based on a monthly rate negotiated by the host county. The negotiated rate must not exceed the rate charged by the vendor for the same service to other payers. If the service is provided by a team of contracted vendors, the county may negotiate a team rate with a vendor who is a member of the team. The team shall determine how to distribute the rate among its members. No reimbursement received by contracted vendors shall be returned to the county, except to reimburse the county for advance funding provided by the county to the vendor.

(d) If the service is provided by a team that includes contracted vendors and county staff, the costs for county staff participation on the team shall be included in the rate for county-provided services. In this case, the contracted vendor and the county may each receive separate payment for services provided by each entity in the same month. In order to prevent duplication of services, the county must document, in the recipient's file, the need for team targeted case management and a description of the different roles of the team members.

(e) Notwithstanding section 256B.19, subdivision 1, the nonfederal share of costs for targeted case management shall be provided by the recipient's county of responsibility, as defined in sections 256G.01 to 256G.12, from sources other than federal funds or funds used to match other federal funds.

(f) The commissioner may suspend, reduce, or terminate reimbursement to a provider that does not meet the reporting or other requirements of this section. The county of responsibility, as defined in sections 256G.01 to 256G.12, is responsible for any federal disallowances. The county may share this responsibility with its contracted vendors.

(g) The commissioner shall set aside five percent of the federal funds received under this section for use in reimbursing the state for costs of developing and implementing this section.

(h) Payments to counties for targeted case management expenditures under this section shall only be made from federal earnings from services provided under this section. Payments to contracted vendors shall include both the federal earnings and the county share.

(i) Notwithstanding section 256B.041, county payments for the cost of case management services provided by county staff shall not be made to the commissioner of management and budget. For the purposes of targeted case management services provided by county staff under this section, the centralized disbursement of payments to counties under section 256B.041 consists only of federal earnings from services provided under this section.

(j) If the recipient is a resident of a nursing facility, intermediate care facility, or hospital, and the recipient's institutional care is paid by medical assistance, payment for targeted case management services under this subdivision is limited to the lesser of:

(1) the last 180 days of the recipient's residency in that facility; or

(2) the limits and conditions which apply to federal Medicaid funding for this service.

(k) Payment for targeted case management services under this subdivision shall not duplicate payments made under other program authorities for the same purpose.

(l) Any growth in targeted case management services and cost increases under this section shall be the responsibility of the counties.

Sec. 18. Minnesota Statutes 2020, section 256B.094, subdivision 6, is amended to read:

Subd. 6. **Medical assistance reimbursement of case management services.** (a) Medical assistance reimbursement for services under this section shall be made on a monthly basis. Payment is based on ~~face-to-face or telephone~~ contacts, either in person or through telehealth, between the case manager and the client, client's family, primary caregiver, legal representative, or other relevant person identified as necessary to the development or implementation of the goals of the individual service plan regarding the status of the client, the individual service plan, or the goals for the client. These contacts must meet the minimum standards in clauses (1) and (2):

(1) there must be a face-to-face in-person contact at least once a month except as provided in clause (2); and

(2) for a client placed outside of the county of financial responsibility, or a client served by tribal social services placed outside the reservation, in an excluded time facility under section 256G.02, subdivision 6, or through the Interstate Compact for the Placement of Children, section 260.93, and the placement in either case is more than 60 miles beyond the county or reservation

boundaries, there must be at least one contact per month and not more than two consecutive months without a face-to-face in-person contact.

(b) Except as provided under paragraph (c), the payment rate is established using time study data on activities of provider service staff and reports required under sections 245.482 and 256.01, subdivision 2, paragraph (p).

(c) Payments for tribes may be made according to section 256B.0625 or other relevant federally approved rate setting methodology for child welfare targeted case management provided by Indian health services and facilities operated by a tribe or tribal organization.

(d) Payment for case management provided by county or tribal social services contracted vendors shall be based on a monthly rate negotiated by the host county or tribal social services. The negotiated rate must not exceed the rate charged by the vendor for the same service to other payers. If the service is provided by a team of contracted vendors, the county or tribal social services may negotiate a team rate with a vendor who is a member of the team. The team shall determine how to distribute the rate among its members. No reimbursement received by contracted vendors shall be returned to the county or tribal social services, except to reimburse the county or tribal social services for advance funding provided by the county or tribal social services to the vendor.

(e) If the service is provided by a team that includes contracted vendors and county or tribal social services staff, the costs for county or tribal social services staff participation in the team shall be included in the rate for county or tribal social services provided services. In this case, the contracted vendor and the county or tribal social services may each receive separate payment for services provided by each entity in the same month. To prevent duplication of services, each entity must document, in the recipient's file, the need for team case management and a description of the roles and services of the team members.

Separate payment rates may be established for different groups of providers to maximize reimbursement as determined by the commissioner. The payment rate will be reviewed annually and revised periodically to be consistent with the most recent time study and other data. Payment for services will be made upon submission of a valid claim and verification of proper documentation described in subdivision 7. Federal administrative revenue earned through the time study, or under paragraph (c), shall be distributed according to earnings, to counties, reservations, or groups of counties or reservations which have the same payment rate under this subdivision, and to the group of counties or reservations which are not certified providers under section 256F.10. The commissioner shall modify the requirements set out in Minnesota Rules, parts 9550.0300 to 9550.0370, as necessary to accomplish this."

**S.F. No. 456:** A bill for an act relating to human services; repealing chemical dependency treatment administrative rule provisions; repealing Minnesota Rules, parts 9530.6800; 9530.6810.

Reports the same back with the recommendation that the bill be amended as follows:

Page 1, before line 5, insert:

"Section 1. Minnesota Statutes 2020, section 245A.043, subdivision 3, is amended to read:

Subd. 3. **Change of ownership process.** (a) When a change in ownership is proposed and the party intends to assume operation without an interruption in service longer than 60 days after acquiring the program or service, the license holder must provide the commissioner with written notice of the proposed change on a form provided by the commissioner at least 60 days before the anticipated date of the change in ownership. For purposes of this subdivision and subdivision 4, "party" means the party that intends to operate the service or program.

(b) The party must submit a license application under this chapter on the form and in the manner prescribed by the commissioner at least 30 days before the change in ownership is complete, and must include documentation to support the upcoming change. The party must comply with background study requirements under chapter 245C and shall pay the application fee required under section 245A.10. ~~A party that intends to assume operation without an interruption in service longer than 60 days after acquiring the program or service is exempt from the requirements of Minnesota Rules, part 9530.6800.~~

(c) The commissioner may streamline application procedures when the party is an existing license holder under this chapter and is acquiring a program licensed under this chapter or service in the same service class as one or more licensed programs or services the party operates and those licenses are in substantial compliance. For purposes of this subdivision, "substantial compliance" means within the previous 12 months the commissioner did not (1) issue a sanction under section 245A.07 against a license held by the party, or (2) make a license held by the party conditional according to section 245A.06.

(d) Except when a temporary change in ownership license is issued pursuant to subdivision 4, the existing license holder is solely responsible for operating the program according to applicable laws and rules until a license under this chapter is issued to the party.

(e) If a licensing inspection of the program or service was conducted within the previous 12 months and the existing license holder's license record demonstrates substantial compliance with the applicable licensing requirements, the commissioner may waive the party's inspection required by section 245A.04, subdivision 4. The party must submit to the commissioner (1) proof that the premises was inspected by a fire marshal or that the fire marshal deemed that an inspection was not warranted, and (2) proof that the premises was inspected for compliance with the building code or that no inspection was deemed warranted.

(f) If the party is seeking a license for a program or service that has an outstanding action under section 245A.06 or 245A.07, the party must submit a letter as part of the application process identifying how the party has or will come into full compliance with the licensing requirements.

(g) The commissioner shall evaluate the party's application according to section 245A.04, subdivision 6. If the commissioner determines that the party has remedied or demonstrates the ability to remedy the outstanding actions under section 245A.06 or 245A.07 and has determined that the program otherwise complies with all applicable laws and rules, the commissioner shall issue a license or conditional license under this chapter. The conditional license remains in effect until the commissioner determines that the grounds for the action are corrected or no longer exist.

(h) The commissioner may deny an application as provided in section 245A.05. An applicant whose application was denied by the commissioner may appeal the denial according to section 245A.05.

(i) This subdivision does not apply to a licensed program or service located in a home where the license holder resides.

Sec. 2. Minnesota Statutes 2020, section 245F.04, subdivision 2, is amended to read:

Subd. 2. **Contents of application.** Prior to the issuance of a license, an applicant must submit, on forms provided by the commissioner, documentation demonstrating the following:

(1) compliance with this section;

(2) compliance with applicable building, fire, and safety codes; health rules; zoning ordinances; and other applicable rules and regulations or documentation that a waiver has been granted. The granting of a waiver does not constitute modification of any requirement of this section; and

~~(3) completion of an assessment of need for a new or expanded program as required by Minnesota Rules, part 9530.6800; and~~

~~(4) insurance coverage, including bonding, sufficient to cover all patient funds, property, and interests.~~

Sec. 3. Minnesota Statutes 2020, section 245G.03, subdivision 2, is amended to read:

Subd. 2. **Application.** (a) Before the commissioner issues a license, an applicant must submit, on forms provided by the commissioner, any documents the commissioner requires.

(b) At least 60 days prior to submitting an application for licensure under this chapter, the applicant must notify the county human services director in writing of its intent to open a new treatment program."

Subdivision 1. **Purpose.** This section establishes a state public aid program to provide cost-sharing assistance through reimbursement to local governments and state agencies during extraordinary or unplanned public safety events that exhaust available local resources, including mutual aid, where a local or state emergency is declared and where the extraordinary expenses are not covered by other federal and state disaster assistance programs.

Subd. 2. **Definitions.** (a) For purposes of this section, the terms in this subdivision have the meanings given.

(b) "Applicant" means a tribal or local entity located within Minnesota or a state, tribal, or local entity located outside of Minnesota that applies for reimbursement under this section.

Subd. 3. **Law enforcement operations account; appropriation.** A law enforcement operations account is created in the special revenue fund in the state treasury, consisting of money deposited, donated, allotted, transferred, or otherwise provided to the account. Money in the law enforcement operations account is annually appropriated to the commissioner to provide reimbursement and management costs under this section. Money appropriated under this subdivision may be spent only for a reimbursement recommended by the reimbursement panel and for the expenses authorized under subdivision 12.

Subd. 4. **Eligibility criteria; considerations.** (a) Costs eligible for reimbursement under this section are those costs associated with a public safety event incurred during the incident period. Eligible costs are limited to:

(7) indemnifying a sending jurisdiction, if indemnification is required by law, judicial order, or agreement between the receiving and sending jurisdictions.

(b) When emergency personnel of another state render aid in Minnesota pursuant to the orders of the governor of their home state, and upon the request of the governor of Minnesota, the reimbursement panel may approve reimbursement to reimburse the other state from the law enforcement operations account for:

A receiving jurisdiction is not obligated to follow or implement the commissioner's advice or counsel. The reimbursement panel may not deny a receiving jurisdiction's application for reimbursement because the receiving jurisdiction did not follow or implement the commissioner's advice or counsel.

(1) the cause, location of the public safety event, and incident period;

(2) documentation of a local, tribal, county, or state emergency declaration in response to the public safety event; and

(3) a description of eligible expenses incurred by the applicant.

(c) An applicant may submit additional supporting documentation for up to 60 days after the reimbursement panel's acceptance of the initial request for reimbursement.

(d) The reimbursement panel shall review the application and supporting documentation for completeness and may return the application with a request for more detailed information or correction of deficiencies. The reimbursement panel may consult with appropriate governmental officials to ensure the application reflects the extent and magnitude of the public safety event and to reconcile any differences. The application is not complete until the reimbursement panel receives all requested information.

(e) If the reimbursement panel returns an application with a request for more detailed information or for correction of deficiencies, the applicant must resubmit the application with all required information within 30 days of the applicant's receipt of the reimbursement panel's request. The applicant's failure to provide the requested information in a timely manner without a reasonable explanation may be cause for denial of the application.

The reimbursement panel has 30 days from receipt of the appeal to uphold or modify the reimbursement panel's determination and formally respond to the applicant. If no written request for appeal is received, the determination is final. If the applicant's

appeal to the reimbursement panel is denied, the applicant may appeal the decision to the Legislative Coordinating Commission.

Subd. 9. **Closeout of application.** The reimbursement panel must close out an applicant's reimbursement application after all of the following occur:
