"Section 1. Minnesota Statutes 2020, section 289A.08, subdivision 7, is amended to read:

Subd. 7. Composite income tax returns for nonresident partners, shareholders, and beneficiaries. (a) The commissioner may allow a partnership with nonresident partners to file a composite return and to pay the tax on behalf of nonresident partners who have no other Minnesota source income. This composite return must include the names, addresses, Social Security numbers, income allocation, and tax liability for the nonresident partners electing to be covered by the composite return.

(b) The computation of a partner's tax liability must be determined by multiplying the income allocated to that partner by the highest rate used to determine the tax liability for individuals under section 290.06, subdivision 2c. Nonbusiness deductions, standard deductions, or personal exemptions are not allowed.

(c) The partnership must submit a request to use this composite return filing method for nonresident partners. The requesting partnership must file a composite return in the form prescribed by the commissioner of revenue. The filing of a composite return is considered a request to use the composite return filing method.

(d) The electing partner must not have any Minnesota source income other than the income from the partnership ~~and~~ other electing partnerships, and other qualifying entities electing to file and pay the pass-through entity tax under subdivision 7a. If it is determined that the electing partner has other Minnesota source income, the inclusion of the income and tax liability for that partner under this provision will not constitute a return to satisfy the requirements of subdivision 1. The tax

paid for the individual as part of the composite return is allowed as a payment of the tax by the individual on the date on which the composite return payment was made. If the electing nonresident partner has no other Minnesota source income, filing of the composite return is a return for purposes of subdivision 1.

(e) This subdivision does not negate the requirement that an individual pay estimated tax if the individual's liability would exceed the requirements set forth in section 289A.25. The individual's liability to pay estimated tax is, however, satisfied when the partnership pays composite estimated tax in the manner prescribed in section 289A.25.

(f) If an electing partner's share of the partnership's gross income from Minnesota sources is less than the filing requirements for a nonresident under this subdivision, the tax liability is zero. However, a statement showing the partner's share of gross income must be included as part of the composite return.

(g) The election provided in this subdivision is only available to a partner who has no other Minnesota source income and who is either (1) a full-year nonresident individual or (2) a trust or estate that does not claim a deduction under either section 651 or 661 of the Internal Revenue Code.

(h) A corporation defined in section 290.9725 and its nonresident shareholders may make an election under this paragraph. The provisions covering the partnership apply to the corporation and the provisions applying to the partner apply to the shareholder.

(i) Estates and trusts distributing current income only and the nonresident individual beneficiaries of the estates or trusts may make an election under this paragraph. The provisions covering the partnership apply to the estate or trust. The provisions applying to the partner apply to the beneficiary.

(j) For the purposes of this subdivision, "income" means the partner's share of federal adjusted gross income from the partnership modified by the additions provided in section 290.0131, subdivisions 8 to 10 and 16, and the subtractions provided in: (1) section 290.0132, subdivision 9, to the extent the amount is assignable or allocable to Minnesota under section 290.17; and (2) section 290.0132, subdivision 14. The subtraction allowed under section 290.0132, subdivision 9, is only allowed on the composite tax computation to the extent the electing partner would have been allowed the subtraction.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2020."

(b) The tax must be imposed and collected as if the rate under section 297A.62, subdivision 1, applied and then refunded in the manner provided in section 297A.75.

(c) The total refund for the project listed in paragraph (a), clause (3), must not exceed \$850,000.

of Minnesota Statutes, section 297A.99, govern the imposition, administration, collection, and enforcement of the tax authorized under this subdivision. The tax imposed under this subdivision is in addition to any local sales and use tax imposed under any other special law.

Subd. 2. **Use of sales and use tax revenues.** The revenues derived from the tax authorized under subdivision 1 must be used by the city of Hermantown to pay the costs of collecting and administering the tax and paying for the following projects in the city related to a Community Recreational Initiative, including securing and paying debt service on bonds issued to finance all or part of the following projects:

"Sec. 4. **[10.65] GOVERNMENT-TO-GOVERNMENT RELATIONSHIP WITH TRIBAL GOVERNMENTS.**

Subdivision 1. **Recognition of Tribal status and relationship with the state of Minnesota.**
(a) The state of Minnesota is home to 11 federally recognized Indian Tribes with elected Tribal government officials. The state of Minnesota acknowledges and supports the unique status of the Minnesota Tribes and their absolute right to existence, self-governance, and self-determination.

(b) The United States and the state of Minnesota have a unique relationship with federally recognized Indian Tribes, formed by the Constitution of the United States, treaties, statutes, case law, and agreements.

(c) The state of Minnesota and the Minnesota Tribal governments significantly benefit from working together, learning from one another, and partnering where possible.

(d) Timely and meaningful consultation between the state of Minnesota and Minnesota Tribal governments will facilitate better understanding and informed decision-making by allowing for communication on matters of mutual interest and help to establish mutually respectful and beneficial relationships between the state and Minnesota Tribal governments.

Subd. 2. **Definitions.** (a) As used in this section, the following terms have the meanings given:

(1) "agency" means the Department of Administration, Department of Agriculture, Department of Commerce, Department of Corrections, Department of Education, Department of Employment and Economic Development, Department of Health, Office of Higher Education, Housing Finance Agency, Department of Human Rights, Department of Human Services, Office of MN.IT Services, Department of Iron Range Resources and Rehabilitation, Department of Labor and Industry, Minnesota Management and Budget, Bureau of Mediation Services, Department of Military Affairs, Metropolitan Council, Department of Natural Resources, Pollution Control Agency, Department of Public Safety, Department of Revenue, Department of Transportation, Department of Veterans

Affairs, Gambling Control Board, Racing Commission, the Minnesota Lottery, the Animal Health Board, and the Board of Water and Soil Resources;

(2) "consultation" means the direct and interactive involvement of the Minnesota Tribal governments in the development of policy on matters that have Tribal implications. Consultation is the proactive, affirmative process of identifying and seeking input from appropriate Tribal governments and considering their interest as a necessary and integral part of the decision-making process. This definition adds to statutorily mandated notification procedures. During a consultation, the burden is on the agency to show that it has made a good faith effort to elicit feedback. Consultation is a formal engagement between agency officials and the governing body or bodies of an individual Minnesota Tribal government that the agency or an individual Tribal government may initiate. Formal meetings or communication between top agency officials and the governing body of a Minnesota Tribal government is a necessary element of consultation;

(3) "matters that have Tribal implications" means rules, legislative proposals, policy statements, or other actions that have substantial direct effects on one or more Minnesota Tribal governments, or on the distribution of power and responsibilities between the state and Minnesota Tribal governments;

(4) "Minnesota Tribal governments" means the federally recognized Indian Tribes located in Minnesota including: Bois Forte Band; Fond Du Lac Band; Grand Portage Band; Leech Lake Band; Mille Lacs Band; White Earth Band; Red Lake Nation; Lower Sioux Indian Community; Prairie Island Indian Community; Shakopee Mdewakanton Sioux Community; and Upper Sioux Community; and

(5) "timely and meaningful" means done or occurring at a favorable or useful time that allows the result of consultation to be included in the agency's decision-making process for a matter that has Tribal implications.

Subd. 3. **Consultation duties.** (a) An agency must recognize the unique legal relationship between the state of Minnesota and the Minnesota Tribal governments, respect the fundamental principles that establish and maintain this relationship, and accord Tribal governments the same respect accorded to other governments.

(b) An agency must, in consultation with Minnesota Tribal governments, implement Tribal consultation policies to comply with this section and guide the agency's work with Minnesota Tribal governments, and must submit these policies to the governor and lieutenant governor. Tribal consultation policies should address the communication protocols for each Minnesota Tribal government, which should be developed in coordination with representatives of each Minnesota Tribal government. An agency must update the Tribal consultation policies as often as required in order to facilitate timely and meaningful consultation, but no less than biannually.

(c) Consultation under this section is a duty of an agency to consult with the governing body or bodies of each individual Minnesota Tribal government. Coordination with groups or entities that have representation on some or all of the governing bodies of the Minnesota Tribal governments, such as the Minnesota Indian Affairs Council or the Minnesota Chippewa Tribe, is encouraged but does not satisfy an agency's duty to consult with individual Minnesota Tribal governments on matters

that have Tribal implications. If a matter has implications for one Minnesota Tribal government, but not others, the agency's duty is to only consult those Minnesota Tribal governments affected.

(d) An agency must consult with each Minnesota Tribal government at least annually, and as often as is required to address matters that have Tribal implications.

(e) An agency must consult with Minnesota Tribal governments on legislative and fiscal matters that affect one or all Minnesota Tribal governments or their members to identify priority issues in order to allow agencies to proactively engage Minnesota Tribal governments in the agency's development of legislative and fiscal proposals in time for submission into the governor's recommended budget and legislative proposals each year.

(f) An agency must develop and maintain ongoing consultation with the Minnesota Tribal governments related to matters that have Tribal implications. Agencies must consider the input gathered from Tribal consultation into their decision-making processes, with the goal of achieving mutually beneficial solutions.

(g) An agency and a Minnesota Tribal government may agree that a formal consultation is not necessary for a given year on a given matter that has Tribal implications, and the agency must keep a written record of this decision.

(h) The prospective duty to consult does not apply to action on a matter that has Tribal implications if immediate action is required to address a present and immediate threat to the health, safety, or welfare of Minnesota citizens. For these actions, every effort should be made to communicate, and formal consultation should occur as soon as possible. The duty to consult also does not apply to criminal proceedings or other investigations or legal proceedings that prohibit an agency from disclosure.

(i) An agency must designate a Tribal liaison to assume responsibility for implementation of the Tribal consultation policy and to serve as the principal point of contact for Minnesota Tribal governments. The Tribal liaison must be able to directly and regularly meet and communicate with the agency's commissioner and deputy and assistant commissioners in order to appropriately conduct government-to-government consultation and cooperation.

(j) The state has instituted Tribal-state government relations training, which is the foundation and basis of all other Tribal government relations training sources. All agencies must direct certain staff to complete available training to foster a collaborative relationship between the state of Minnesota and Minnesota Tribal governments, and to facilitate timely and meaningful consultation. In addition to all commissioners, deputy commissioners, and assistant commissioners, at a minimum all agency employees whose work is likely to include matters that have Tribal implications must attend Tribal-state relations training. Tribal liaisons must actively support and participate in the Tribal-state relations training.

(k) Any agency or board that is not listed in the definition of agency in subdivision 2 is encouraged to and may engage in consultation and communication with the Minnesota Tribal governments for all matters that have Tribal implications.

Subd. 4. **Applicability.** Nothing in this section requires the state or an agency to violate or ignore any laws, rules, directives, or other legal requirements or obligations imposed by state or

federal law or set forth in agreements or compact between one or more Minnesota Tribal governments or any other Tribal government and the state or its agencies. This section is not intended to, and does not, create any right to administrative or judicial review, or any other right, benefit, or responsibility, substantive or procedural, enforceable against the state of Minnesota, its agencies or instrumentalities, its officers or employees, or its subdivisions or any other persons. Nothing in this section prohibits or limits any agency from asserting any rights or pursuing any administrative or judicial action under state or federal law to effectuate the interests of the state of Minnesota or any of its agencies. Nothing in this section is intended to alter or reduce the state's duties to individual Minnesota citizens including those of Native American descent.

EFFECTIVE DATE. This section is effective the day following final enactment."

Eligible facilities must be new OSB construction sites with total capital investment in excess of \$250,000,000. Eligible OSB production facilities must produce at least 200,000,000 OSB square feet on a 3/8 inch nominal basis of OSB each year. At least one product produced at the facility should be a wood-based wall or roof structural sheathing panel that has an integrated, cellulose-based paper overlay that serves as a water resistive barrier.

(b) No payments shall be made for OSB production that occurs after June 30, 2036, for those eligible producers under paragraph (a).

(c) An eligible producer of OSB shall not transfer the producer's eligibility for payments under this section to a facility at a different location.

Subd. 3. **Payment amounts; limits.** (a) The commissioner shall make payments to eligible producers of OSB. The amount of the payment for each eligible producer's annual production is \$7.50 per 1,000 OSB square feet on a 3/8 inch nominal basis of OSB produced at a specific location for ten years starting after the first calendar year in which production begins.

(b) Total payments under this section to an eligible OSB producer in a fiscal year may not exceed the amount necessary for 400,000,000 OSB square feet on a 3/8 inch nominal basis of OSB produced. Total payments under this section to all eligible OSB producers in a fiscal year may not exceed the amount necessary for 400,000,000 OSB square feet on a 3/8 inch nominal basis of OSB produced. If the total amount for which all producers are eligible in a quarter exceeds the amount available for payments, the commissioner shall make the payments on a pro rata basis.

(c) For purposes of this section, an entity that holds a controlling interest in more than one OSB facility is considered a single eligible producer.

Subd. 4. **Forest resources requirements.** Forest resources that are purchased to be used at the facility must be in compliance with one or more of the following: the Sustainable Forestry Initiative Fiber Sourcing Standard, the Forest Stewardship Council Chain of Custody Standard, or the Forest Stewardship Controlled Wood Standard. Sec. 8. [116J.9924] CAPITAL IMPROVEMENT PROJECT GRANTS FOR NONPROFITS AND LOCAL GOVERNMENTS FOR ECONOMICALLY DISADVANTAGED PEOPLE AND AREAS.

Subdivision 1. **Definitions.** For purposes of this section, the following terms have the meanings given:

(1) "capital improvement project" means betterment of land, buildings, or other fixed assets that will primarily serve people who are economically disadvantaged or are located in an economically disadvantaged area. A capital improvement project must have a useful life of at least ten years;

(2) "governing body of a local governmental unit" means the city council, board of county commissioners, town board of supervisors, board of trustees, board of regents, or other body charged with governing a political subdivision of the state;

(3) "governing body of a nonprofit organization" means the board of directors of the organization;

(4) "local unit of government" means a county, city, town, special district, public higher education institution, American Indian Tribal government entity located within a federally recognized American Indian reservation, or other political subdivision or public corporation; and

(5) "nonprofit organization" means an organization organized under section 501(c)(3) of the Internal Revenue Code or a Tribal nonprofit under section 7871 of the Internal Revenue Code.

Subd. 2. **Grant program.** (a) The commissioner must award grants to local units of government and nonprofit organizations for capital improvement projects, in an amount not to exceed \$1,000,000 per grant and subject to the nonstate match requirement in subdivision 3, from appropriations for this purpose. A determination of whether to make a grant is within the discretion of the commissioner, subject to requirements in this section, based on availability of funds for the program and the prioritization of applications under subdivision 4. In selecting projects for grants, the commissioner must make an appropriate balance between metropolitan areas and greater Minnesota.

(b) The commissioner shall develop forms and procedures for soliciting and reviewing applications for capital improvement projects grants from nonprofit organizations and local units of government.

(c) The commissioner must require an applicant for a grant under this section to provide the following information in an application:

(1) a description of the capital project to be funded by the grant;

(2) the rationale for the project, including a description of the services provided and populations served by the applicant, and a description of the services and populations that will be served by the project;

(3) the total cost of the project and the cost of individual phases of the project, including predesign, design, construction, engineering, furnishing, and equipping;

(4) the requested grant amount;

(5) the property owner of the facility to be constructed or improved;

(6) the public purpose achieved by the project;

(7) an estimated timeline for completion of individual phases of the project;

(8) an estimate of the annual operating costs for the completed project;

(9) for an applicant that is a local governmental unit, a resolution of its governing body, documenting that money from nonstate sources in an amount sufficient to complete the project is available and committed to the project;

(10) for an applicant that is a nonprofit organization, a letter of the governing body for the nonprofit organization, documenting that the money from nonstate sources in an amount sufficient to complete the project is available and committed to the project;

(11) the applicant's plan for capital improvements and plans for funding its capital improvements; and

(12) any additional information or material the commissioner prescribes.

Subd. 3. **Match.** The commissioner may not award a grant for which the applicant does not provide nonstate funds for the project. The commissioner may not award a grant that exceeds one-half the total cost of the project, unless the project is located in an area with a very low average net tax capacity, the applicant demonstrates that the applicant is experiencing hardship, or the applicant represents or serves underserved communities. For purposes of this section, "very low net tax capacity" means a city below the median net tax capacity per capita.

Subd. 4. **Prioritizing applications.** (a) The commissioner shall evaluate and prioritize eligible projects based on the following characteristics:

(1) the degree to which the project addresses needs for an underserved community, an economically disadvantaged area, or people who are economically disadvantaged;

(2) the degree to which the project provides health or life safety benefits;

(3) demonstration of local support;

(4) the degree to which the project provides necessary repairs or replacement of existing capital assets; and

(5) the applicant's demonstrated commitment to the project, as indicated by the percentage of the cost of the project to be funded with nonstate money and whether the project is consistent with the applicant's capital improvement plans.

(b) The factors in paragraph (a) are not listed in a rank order of priority; rather, the commissioner may weigh each factor as the commissioner considers appropriate.

Subd. 5. **Availability of funds.** Money granted under this section is available subject to section 16A.642.

Subd. 6. **Repayment on sale or conveyance.** (a) A recipient of a grant under this section may only sell or convey property that is acquired or bettered with a grant under this section for fair market value.

(b) If a recipient of a grant under this section sells or conveys the property acquired or improved solely with money granted under this section within 20 years of the grant agreement, the grant recipient must pay the net proceeds of the sale to the commissioner of management and budget and the commissioner must deposit the money in the state treasury.

(c) If a recipient of a grant under this section sells or conveys the property acquired or improved partly with money granted under this section within 20 years of the grant agreement, the net proceeds of sale must be used: first, to pay the state the amount of the grant used to acquire or better the property; second, to pay in full any outstanding public or private debt incurred to acquire or better the property; and third, to pay interested public and private entities, other than any public officer or agency or any private lender already paid in full, the amount of money contributed to the acquisition or betterment of the property. Any excess over the amount needed for those purposes must be divided in proportion to the shares contributed to the acquisition or betterment of the property and paid to the interested public and private entities, other than any private lender already paid in full, and the proceeds are appropriated for this purpose. In calculating the share contributed by each entity, the amount to be attributed to the owner of the property shall be the fair market value of the property that was bettered by the grant money at the time the betterment began.

(d) For purposes of this subdivision, "public officer or agency" means a state officer or agency; the University of Minnesota; the Minnesota Historical Society; and any county, home rule charter or statutory city, school district, special purpose district, or other public entity, or any officer or employee thereof. For the purposes of this subdivision, "fair market value," with respect to the sale of state bond-financed property, means the price that would be paid by a willing and qualified buyer to a willing and qualified seller as determined by an appraisal of the property, or the price bid by a purchaser under a public-bid procedure after reasonable public notice.

Subd. 7. **Report to legislature.** The commissioner must submit a report annually on January 15 to the chairs and ranking minority members of the legislative committees with jurisdiction over capital investment and economic development that details the grants awarded under this section, including the total grants distributed, the recipients of the grants, the services supported by the grants, and other information the commissioner deems pertinent.
