(f) A facility or program may seek onetime assistance per setting from the temporary staffing pool only after the facility or program has used all resources available to obtain temporary staff but is unable to meet the facility's or program's temporary staffing needs. (b) Within 48 hours of receipt of a formal request under paragraph (a), the commissioner must complete a voluntary correction program intake form and assign to the facility a specific employee of the Department of Health who must act as the primary point of contact for the facility participating in the voluntary correction program. A department employee assigned to a facility must not be a nursing home health surveyor or an Office of Health Facility Complaints investigator. The commissioner must not assign current surveyors or investigators to offer technical assistance to facilities participating in the voluntary correction program.

(c) The commissioner must not initiate a survey or other regulatory action in response to a request submitted under paragraph (a). The commissioner must not regard the mere fact that a facility submitted a request under paragraph (a) as justification to exercise the commissioner's discretion under Minnesota Statutes, section 144A.10, subdivision 2, to devote more resources for inspections of the facility outside of the regular schedule of licensing and certification inspections.

(d) While a facility is participating in the voluntary correction program, the commissioner must not initiate a survey, revisit of any type, or otherwise deploy surveyors or investigators to the facility except as provided in paragraph (f).

(e) No facility may participate in the voluntary correction program longer than one month.

(f) Nothing in paragraph (c) or (d) prohibits the commissioner from conducting an on-site investigation of alleged maltreatment of a vulnerable adult or of a complaint triaged as immediate jeopardy.

(g) The commissioner must ensure that department staff providing technical assistance to a facility participating in the voluntary correction program do not communicate information about the facility directly to any surveyor or investigator, including that the facility is a participant in the program.
