**Subd. 9. Land Acquisition,
Habitat, and Recreation**

999,000

13,533,000

-0-

(a) Metropolitan Regional Parks System Land Acquisition

\$1,500,000 the first year is from the trust fund to the Metropolitan Council for grants to acquire approximately 70 acres of land within the approved park boundaries of the metropolitan regional park system. This appropriation may not be used to purchase habitable residential structures. A list of proposed fee title acquisitions must be provided as part of the required work plan. This appropriation must be matched by at least 40 percent of nonstate money that must be committed by December 31, 2017. This appropriation is available until June 30, 2020, by which time the project must be completed and final products delivered.

(b) Scientific and Natural Areas Acquisition and Restoration, Citizen Science, and Engagement

\$2,500,000 the first year is from the trust fund to the commissioner of natural resources to acquire land with high-quality native plant communities and rare features to be established as scientific and natural areas as provided in Minnesota Statutes, section 86A.05, subdivision 5, restore and improve scientific and natural areas, and provide technical assistance and outreach, including site steward events. At least one-third of the appropriation must be spent on restoration activities. A list of proposed acquisitions and restorations must be provided as part of the required work plan. Land acquired with this appropriation must be sufficiently improved to meet at least minimum management standards, as determined by the commissioner of natural resources. When feasible, consideration must be given to accommodate trails on lands acquired. This appropriation is available until June 30, 2020, by which time the project must be completed and final products delivered.

(c) Minnesota State Parks and State Trails Land Acquisition

\$1,500,000 the first year is from the trust fund to the commissioner of natural resources to acquire approximately 373 acres from willing sellers for authorized state trails and critical parcels within the statutory boundaries of state parks. State park land acquired with this appropriation must be sufficiently improved to meet at least minimum management standards, as determined by the commissioner of natural resources. A list of proposed acquisitions must be provided as part of the required work plan. This appropriation is available until June 30, 2020, by which time the project must be completed and final products delivered.

(d) Minnesota State Trails Acquisition, Development, and Enhancement

\$999,000 in fiscal year 2017 and \$39,000 the first year are from the trust fund to the commissioner of natural resources for state trail acquisition, development, and enhancement in southern Minnesota. A proposed list of trail projects on authorized state trails must be provided as part of the required work plan. This appropriation is available until June 30, 2020, by which time the project must be completed and final products delivered.

(e) Native Prairie Stewardship and Prairie Bank Easement Acquisition

\$2,675,000 the first year is from the trust fund to the commissioner of natural resources to acquire native prairie bank easements in accordance with Minnesota Statutes, section 84.96, on approximately 250 acres, prepare baseline property assessments, restore and enhance native prairie sites, and provide technical assistance to landowners. Of this amount, up to \$132,000 may be deposited in a conservation easement stewardship account. Deposits into the conservation easement stewardship account must be made upon closing on conservation easements or

at a time otherwise approved in the work plan. A list of proposed easement acquisitions must be provided as part of the required work plan. This appropriation is available until June 30, 2020, by which time the project must be completed and final products delivered.

(f) Leech Lake Acquisition

\$1,500,000 the first year is from the trust fund to the commissioner of natural resources for an agreement with the Leech Lake Band of Ojibwe to acquire approximately 45 acres, including 0.67 miles of shoreline of high-quality aquatic and wildlife habitat at the historic meeting place between Henry Schoolcraft and the Anishinabe people. The land must be open to public use including hunting and fishing. The band must provide a commitment that land will not be put in a federal trust through the Bureau of Indian Affairs.

(g) Mesabi Trail Development

\$2,269,000 the first year is from the trust fund to the commissioner of natural resources for an agreement with the St. Louis and Lake Counties Regional Railroad Authority for engineering and constructing segments of the Mesabi Trail. This appropriation is available until June 30, 2020, by which time the project must be completed and final products delivered.

(h) Tower Trailhead Boat Landing and Habitat Improvement - Phase II

\$600,000 the first year is from the trust fund to the commissioner of natural resources for an agreement with the city of Tower to construct a trailhead, trail connection to the Mesabi Trail, and boat landing and to restore vegetative habitat on city-owned property. Plant and seed materials must follow the Board of Water and Soil Resources' native vegetation establishment and enhancement guidelines. This appropriation is available

until June 30, 2023, by which time the project must be completed and final products delivered.

(i) Land Acquisition for Voyageurs National Park Crane Lake Visitors Center

\$950,000 the first year is from the trust fund to the commissioner of natural resources for an agreement with the town of Crane Lake, in partnership with Voyageurs National Park and the Department of Natural Resources, to acquire approximately 30 acres to be used for a visitor center and campground. Income generated by the campground may be used to support the facility. The town of Crane Lake may convey interests in a common interest community that exists on property acquired under this paragraph to a unit owner in order to facilitate the termination of the common interest community. Minnesota Statutes, sections 116P.10, paragraph (c), and 116P.15, do not apply to a conveyance for this purpose.

EFFECTIVE DATE. This section is effective the day after the governing body of the city of Crane Lake and its chief clerical officer timely complete their compliance with Minnesota Statutes, section 645.021, subdivisions 2 and 3."

Amend the title accordingly

The motion prevailed. So the amendment was adopted.

Senator Dziedzic moved to amend H.F. No. 3765, the unofficial engrossment, as follows:

Delete everything after the enacting clause and insert:

"Section 1. **APPROPRIATIONS.**

The sums shown in the columns marked "Appropriations" are appropriated to the agencies and for the purposes specified in this act. The appropriations are from the environment and natural resources trust fund and are available for the fiscal years indicated for each purpose. The figures "2022" and "2023" used in this act mean that the appropriations listed under them are available for the fiscal year ending June 30, 2022, or June 30, 2023, respectively. "The first year" is fiscal year 2022. "The second year" is fiscal year 2023. "The biennium" is fiscal years 2022 and 2023. Any unencumbered balance remaining in the first year does not cancel and is available for the second year or until the end of the appropriation. These are onetime appropriations.

APPROPRIATIONS
Available for the Year
Ending June 30
2022 2023

Sec. 2. **MINNESOTA RESOURCES**

<u>Subdivision 1. Total Appropriation</u>	<u>\$</u>	<u>-0-</u>	<u>\$</u>	<u>70,881,000</u>
--	------------------	-------------------	------------------	--------------------------

This appropriation is from the environment and natural resources trust fund. The amounts that may be spent for each purpose are specified in the following subdivisions.

Subd. 2. Definition

"Trust fund" means the Minnesota environment and natural resources trust fund established under the Minnesota Constitution, article XI, section 14.

Subd. 3. Foundational Natural Resource Data and Information

	<u>-0-</u>	<u>\$</u>	<u>9,727,000</u>
--	-------------------	------------------	-------------------------

(a) Efficacy of Urban Archery Hunting to Manage Deer

\$201,000 the second year is from the trust fund to the Board of Trustees of the Minnesota State Colleges and Universities for Bemidji State University to conduct an analysis of deer survival, habitat use, and hunter data in the city of Bemidji to improve special archery hunt management practices in urban areas of the state.

(b) Improving Golden-Winged Warbler Conservation and Habitat Restoration

\$197,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota for the Natural Resources Research Institute in Duluth to develop restoration and habitat management guidelines for protecting the imperiled golden-winged warbler by assessing habitat use and behavior of this species.

(c) Enhancing Natural Resource Conservation Through Species Distribution Modeling

\$200,000 the second year is from the trust fund to the commissioner of natural resources to create distribution models for rare species in Minnesota to provide new tools for natural areas conservation.

(d) Modernizing Minnesota's Digital Lake Inventory

\$535,000 the second year is from the trust fund to the commissioner of natural resources to conduct a comprehensive update of Minnesota's lake and pond GIS data to enhance lake conservation planning by state and local partners while also creating efficiencies for ongoing data maintenance.

(e) Strategic Framework to Guide Local Water Storage Implementation

\$200,000 the second year is from the trust fund to the Board of Water and Soil Resources to create a framework for prioritizing water storage projects throughout the state. The framework will use existing data and local stakeholder input, be scalable, and will emphasize projects that provide multiple benefits, including for water quality, flood control, and habitat.

(f) How Do Prescribed Fires Affect Native Prairie Bees?

\$278,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with Negaunee Institute for Plant Conservation Science and Action at the Chicago Horticultural Society to investigate how prescribed fire in Minnesota's tallgrass prairies affects the nesting habitat, food resources, and diversity of ground-nesting bees.

(g) Status of Minnesota Blueberries and Related Berry Species

\$191,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota, Duluth, to assess how land management practices impact the genetic health and reproduction of several native edible blueberry and related berry species of Minnesota. This appropriation is available until June 30, 2026, by which time the project must be completed and final products delivered.

(h) Distribution and Movements of Fishers in Southern Minnesota

\$212,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota for the Natural Resources Research Institute in Duluth to determine the distribution, status, and habitat use of fishers in southern Minnesota to inform fisher management.

(i) Offal Wildlife Watching: How Do Hunters' Provisions Impact Scavengers?

\$372,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota to recruit hunters statewide and use remote cameras at field-dressed deer gut piles to study the impacts of these offal resources on scavengers and other wildlife.

(j) Land-Use and Climate Impacts on Minnesota's Whitewater River

\$199,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota for the St. Anthony Falls Laboratory to augment, digitize, and disseminate unique and historic topographical survey data showing changes in the Whitewater River valley to inform future land and water management.

(k) Protecting Minnesota's Spruce-Fir Forests from Tree-Killing Budworm

\$189,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota to evaluate conditions contributing to Minnesota's uniquely high population of the native and lethal spruce budworm to provide better management options for protecting the state's spruce-balsam fir forests.

(l) Restoration of Eastern Hemlock, Minnesota's Endangered Tree Species

\$199,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota to develop guidelines for restoring eastern hemlock, Minnesota's only endangered tree species, by testing methods and seed sources at different sites across northern Minnesota.

(m) Maximizing Lowland Conifer Ecosystem Services - Phase 2

\$315,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota to continue monitoring forested peatland hydrology and wildlife, conduct new wildlife and habitat surveys, and quantify carbon storage to assess trade-offs in management decisions.

(n) Establishing a Center for Prion Research and Outreach

\$3,528,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota to form a multidisciplinary center to perform coordinated research on the detection, prevention, and treatment of chronic wasting and other prion diseases threatening wildlife across Minnesota. Money appropriated in this paragraph may also be spent on a strategic plan, capital equipment, and staff as approved in the work plan required under Minnesota Statutes, section 116P.05. Money appropriated in this paragraph may not be spent on activities unless they are directly

related to and necessary for the purposes of this paragraph. Money appropriated in this paragraph must not be spent on indirect costs or other institutional overhead charges that are not directly related to and necessary for the purposes of this paragraph. This appropriation is subject to Minnesota Statutes, section 116P.10. This is a onetime appropriation and is available until June 30, 2026.

(o) Native Plant Community Data in Duluth

\$198,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with Minnesota Land Trust to develop field-verified native plant community data and maps for the city of Duluth to support conservation and restoration activities in the city and the St. Louis River estuary.

(p) Neonicotinoid Impacts on Minnesota Deer and Prairie Chickens

\$700,000 the second year is from the trust fund to the commissioner of natural resources to examine impacts of neonicotinoid exposure on the reproduction and survival of Minnesota's game species, including deer and prairie chicken. This appropriation is available until June 30, 2026, by which time the project must be completed and final products delivered.

(q) Expanding the Minnesota Ecological Monitoring Network

\$472,000 the second year is from the trust fund to the commissioner of natural resources to expand the Ecological Monitoring Network to inform the conservation and management of Minnesota's native forests, wetlands, and prairies.

(r) Minnesota Biodiversity Atlas - Phase 3

\$356,000 the second year is from the trust fund to the Board of Regents of the

University of Minnesota for the Bell Museum of Natural History to expand the Minnesota Biodiversity Atlas to include more than 2,000,000 Minnesota wildlife, plants, and fungi records and images from multiple organizations. This appropriation is available until June 30, 2026, by which time the project must be completed and final products delivered.

(s) Sweetening the Crop: Perennial Flax for Ecosystem Benefits

\$490,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota to produce, select, and evaluate how perennial flax provides pollinator and other ecosystem services while enhancing yield for oilseed, fiber, and honey production.

(t) Beavers, Trees, and Climate - Increasing Floodplain Forest Resilience

\$297,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the National Park Service, Mississippi National River and Recreation Area, to identify solutions for saving floodplain wildlife habitat from beaver herbivory, changes in climate, and emerald ash borer.

(u) What's Causing Declines in Black Bear Reproduction

\$398,000 the second year is from the trust fund to the commissioner of natural resources to examine why bear reproduction has declined in central and northwestern Minnesota using citizen science to collect samples from hunters to assess reproduction, health, and exposure to disease and pesticides. This appropriation is available until December 31, 2025.

Subd. 4. Water Resources**-0-****5,757,000****(a) Scaling a Market-Driven Water-Quality Solution for Row-Crop Farming**

\$476,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota to work with farmers to accelerate adoption of grain-camelina rotations in targeted watersheds as a scalable and market-driven way to enhance stewardship of soil, water, and wildlife.

(b) Methods to Destroy PFAS in Landfill Leachates

\$200,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota to develop and examine methods for destruction of per- and polyfluoroalkyl substances (PFAS) in landfill leachate. This appropriation is subject to Minnesota Statutes, section 116P.10.

(c) High Temperature Anaerobic Digestion of Sewage Sludge

\$208,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota to demonstrate that high temperature anaerobic digestion is effective at treating sewage sludge and preventing disease-causing microorganisms and antibiotic resistance genes from being released into the environment.

(d) Evaluating Locally Sourced Biochar for Restoring Impaired Water Bodies

\$200,000 the second year is from the trust fund to the commissioner of the Pollution Control Agency to evaluate locally produced biochar as a method for remediating moderate-level contamination in aquatic habitats. This appropriation is available until June 30, 2026, by which time the project must be completed and final products delivered.

**(e) Mitigating Cyanobacterial Blooms and Toxins
Using Clay-Algae Flocculation**

\$264,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota for St. Anthony Falls Laboratory to develop and test a clay-algae flocculation method to mitigate cyanobacterial blooms that can contaminate drinking water and cause mass fish mortality. This appropriation is subject to Minnesota Statutes, section 116P.10.

**(f) Changing Winters and Game Fish in Minnesota
Lakes**

\$200,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota for the Large Lakes Observatory in Duluth to determine how changing winter conditions such as ice cover, snowfall patterns, and water quality affect Minnesota's game fish populations.

**(g) Rainy River Drivers of Lake of the Woods Algal
Blooms**

\$526,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the United States Geological Survey, Upper Midwest Water Science Center, to guide the reduction of phosphorus inputs to Lake of the Woods by examining sources, mobility, and storage of sediment-bound phosphorus in the Rainy River. This appropriation is available until June 30, 2026, by which time the project must be completed and final products delivered.

**(h) Water and Climate Information to Enhance
Community Resilience**

\$355,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota to provide information on potential future water

resources to communities and individuals to guide adaptation planning.

(i) Catch and Reveal: Discovering Unknown Fish Contamination Threats

\$201,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota for the Natural Resources Research Institute in Duluth to identify contaminants present in Minnesota water bodies using passive sampling and discovery-based chemical analysis and rank the contaminants' potential threat to Minnesota's fisheries. This appropriation is available until June 30, 2026, by which time the project must be completed and final products delivered.

(j) Leveraging Data Analytics Innovations for Watershed District Planning

\$483,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with Minnehaha Creek Watershed District to develop a reproducible and automated data processing system and a watershed model that integrates local and statewide datasets into a quantitative tool for evaluating projects to improve water quality, ecological integrity, and flood prevention. Minnehaha Creek Watershed District may license third parties to use products developed with this appropriation without further approval from the legislature or the Legislative-Citizen Commission on Minnesota Resources, provided the licensing does not generate income. This appropriation is subject to Minnesota Statutes, section 116P.10.

(k) Increased Intense Rain and Flooding in Minnesota's Watersheds

\$192,000 the second year is from the trust fund to the Science Museum of Minnesota for the St. Croix Watershed Research Station to partner with local communities to

determine the causes of increased flooding and the most cost-effective solutions for reducing flood risk in the Cottonwood River watershed and other agricultural watersheds in southern Minnesota.

(l) Removing CECs from Stormwater with Biofiltration

\$439,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota for the St. Anthony Falls Laboratory to optimize designs for removing contaminants of emerging concern (CECs) from stormwater runoff with biofiltration and to develop guidance on biofiltration use for Minnesota stormwater managers.

(m) Is the Tire Chemical 6PPDq Killing Minnesota's Fish?

\$354,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota to optimize detection methods, determine environmental occurrence, and evaluate risk to Minnesota's fish populations of the toxic tire-derived chemical 6PPDq.

(n) Mitigation Strategies for Agroplastic PFAS and Microplastic Contamination

\$169,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota for the West Central Research and Outreach Center, Morris, to study plastic use in the agricultural supply chain and to research and communicate strategies to reduce impacts of this plastic use, including water and land contamination from microplastics, PFAS, and related compounds.

(o) Innovative Technology for PFAS Destruction in Drinking Water

\$350,000 the second year is from the trust fund to the Board of Regents of the

University of Minnesota for the Southern Research and Outreach Center to develop and demonstrate a treatment process based on continuous liquid-phase plasma discharge technology to destroy per- and polyfluoroalkyl substances (PFAS) in drinking water. This appropriation is subject to Minnesota Statutes, section 116P.10.

(p) Salt Threatens Minnesota Water Quality and Fisheries

\$774,000 the second year is from the trust fund to the Science Museum of Minnesota for the St. Croix Watershed Research Station to determine chloride tipping points that lead to water-quality and food-web degradations, measure how and when lakes are salinized, identify lake and food-web resilience to chloride, and test impacts of deicing alternatives.

(q) PFAS Contaminant Mitigation Using Hybrid Engineered Wetlands

\$366,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with St. Louis County to design, implement, and evaluate an innovative method for protecting water resources through mitigation of per- and polyfluoroalkyl substances (PFAS) from landfill leachate using engineered wetland treatment systems.

Subd. 5. Environmental Education

-0-

4,326,000

(a) Teacher Field School: Stewardship through Nature-Based Education

\$310,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with Hamline University to create an immersive, research-backed field school for teachers to use nature-based education to benefit student well-being and academic outcomes while increasing stewardship habits.

(b) Increasing K-12 Student Learning to Develop Environmental Awareness, Appreciation, and Interest

\$1,368,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with Osprey Wilds Environmental Learning Center to partner with Minnesota's five other accredited residential environmental learning centers to provide needs-based scholarships to at least 25,000 K-12 students statewide for immersive multiday environmental learning experiences.

(c) Expanding Access to Wildlife Learning Bird by Bird

\$200,000 the second year is from the trust fund to the commissioner of natural resources to engage young people from diverse communities in wildlife conservation through bird-watching in schools, outdoor leadership training, and participating in neighborhood bird walks.

(d) Engaging a Diverse Public in Environmental Stewardship

\$200,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with Great River Greening to increase participation in natural resources restoration efforts through volunteer, internship, and youth engagement activities that target diverse audiences more accurately reflecting local demographic and socioeconomic conditions in Minnesota.

(e) LCCMR Stories: Sharing Minnesota's Biggest Environmental Investment

\$411,000 the second year is from the trust fund to the Science Museum of Minnesota to enhance public education about the results of Legislative-Citizen Commission on Minnesota Resources-recommended research, including through a free online

interactive map, in-depth videos, and public events.

(f) Bugs Below Zero: Engaging Citizens in Winter Research

\$198,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota to raise awareness about the winter life of bugs, inspire learning about stream food webs, and engage citizen scientists in research and environmental stewardship.

(g) ESTEP: Earth Science Teacher Education Project

\$317,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the Minnesota Science Teachers Association to provide professional development for Minnesota science teachers in environmental and earth science to strengthen environmental education in schools.

(h) YES! Students Take Action to Complete Eco Projects

\$199,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with Prairie Woods Environmental Learning Center, in partnership with Ney Nature Center and Laurentian Environmental Center, to empower Minnesota youth to connect with natural resource experts, identify ecological challenges, and take action to complete innovative projects in their communities.

(i) North Shore Private Forestry Outreach, Education, and Implementation

\$221,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with Sugarloaf: The North Shore Stewardship Association to conduct outreach to private landowners about forestry incentive programs and provide tree-planting

and site plans to restore the ecological health of Minnesota's North Shore forest landscape.

(j) Strengthening Watershed Stewardship through Outdoor Youth Education

\$200,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with Minnesota Trout Unlimited to engage students in classroom and outdoor hands-on learning focused on water quality, groundwater, aquatic life, and watershed stewardship and provide youth and their families with fishing experiences to further foster a conservation ethic.

(k) Increasing Diversity in Environmental Careers

\$182,000 the second year is from the trust fund to the commissioner of natural resources, in cooperation with Conservation Corps Minnesota and Iowa, to encourage a diversity of students to pursue careers in the environment and natural resources through internships, mentorships, and fellowships with the Department of Natural Resources, the Board of Water and Soil Resources, and the Pollution Control Agency.

(l) Partnering for Pollinator Protection

\$123,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with Monarch Joint Venture to organize a multisector consortium to develop a state pollinator conservation plan that includes habitat goals and research priorities and to serve as coordinator of statewide pollinator conservation efforts.

(m) BioBlitzes to Engage Communities in Scientific Efforts

\$198,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the Minneapolis Park and Recreation Board to work with allies and volunteers to collect baseline biodiversity data for neighborhood and regional parks to

inspire stewardship and inform habitat restoration work.

(n) Diversity and Access to Wildlife-Related Opportunities

\$199,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota to broaden the state's conservation constituency by researching diverse communities' values about nature and wildlife experiences and identifying barriers to engagement.

Subd. 6. Aquatic and Terrestrial Invasive Species

-0-

4,674,000

(a) Minnesota Invasive Terrestrial Plants and Pests Center

\$4,500,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota to support the Minnesota Invasive Terrestrial Plants and Pests Center to fund high-priority research projects to better manage invasive plants, pathogens, and pests on Minnesota's natural and agricultural lands. This appropriation is subject to Minnesota Statutes, section 116P.10. This appropriation is available until June 30, 2027, by which time the project must be completed and final products delivered.

(b) Purple Loosestrife Biocontrol Citizen Science Program

\$174,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the Wild Rivers Conservancy to protect and restore native ecosystems by identifying purple loosestrife in priority management areas and engaging, educating, and empowering citizens to use an approved purple loosestrife biocontrol in Minnesota's St. Croix River watershed.

Subd. 7. Air Quality and Renewable Energy

-0-

1,754,000

(a) Using Minnesota Timber to Mitigate Landfill Methane Emissions

\$753,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota for the Natural Resources Research Institute in Duluth to design, develop, and test biochar-based landfill covers to reduce methane emissions in Minnesota through natural biological processes. This appropriation is subject to Minnesota Statutes, section 116P.10.

(b) How Do Lakes Influence Minnesota's Carbon Budget?

\$279,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota to measure and model the release of carbon dioxide, methane, and nitrous oxide from Minnesota lakes and wetlands to guide resource management decisions.

(c) Green Solar Cells from a Minnesota Natural Resource

\$552,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota to develop an efficient, low cost, and nontoxic pyrite solar cell and conduct a feasibility study for using Iron Range resources to manufacture this product. This appropriation is subject to Minnesota Statutes, section 116P.10.

(d) Morris GHG Emissions Inventory and Mitigation Strategies

\$170,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the city of Morris to conserve natural resources by conducting a greenhouse gas (GHG) emissions inventory of city and county operations as part of the Morris Model partnership, implementing policy to achieve targeted reductions, and disseminating findings. This appropriation is available until June 30, 2026, by which time the project must be completed and final products delivered.

**Subd. 8. Methods to Protect, Restore, and Enhance
Land, Water, and Habitat**

-0-

14,987,000

**(a) Minnesota's Volunteer Rare Plant Conservation
Corps**

\$515,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota for the Minnesota Landscape Arboretum to partner with the Department of Natural Resources and the Minnesota Native Plant Society to establish and train a volunteer corps to survey, monitor, and bank seed from Minnesota's rare plant populations and enhance the effectiveness and efficiencies of conservation efforts.

**(b) Conservation Corps Veterans Service Corps
Program**

\$1,339,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with Conservation Corps Minnesota to create a Veterans Service Corps program to accelerate natural resource restorations in Minnesota while providing workforce development opportunities for the state's veterans.

(c) Conservation Cooperative for Working Lands

\$1,500,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with Pheasants Forever Inc. to increase adoption of voluntary conservation practices on working lands in Minnesota by hiring personnel to provide technical assistance to farmers and landowners while also attracting federal matching funds.

**(d) Pollinator Habitat Pilot Project at Closed
Landfills**

\$853,000 the second year is from the trust fund to the commissioner of the Pollution Control Agency to conduct a pilot project to create pollinator habitat at closed landfill

sites in the closed landfill program. This appropriation is available until June 30, 2026, by which time the project must be completed and final products delivered.

(e) Creating Seed Sources of Early-Blooming Plants for Pollinators

\$200,000 the second year is from the trust fund to the commissioner of natural resources to establish new populations of early-season flowers by hand-harvesting and propagating species that are currently lacking in prairie restorations and that are essential to pollinator health. This appropriation is available until June 30, 2026, by which time the project must be completed and final products delivered.

(f) Root River Habitat Restoration Project

\$537,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with Eagle Bluff Environmental Learning Center to restore flood-damaged Root River stream bank and instream habitat and incorporate monitoring into the center's curriculum to evaluate the restoration's success.

(g) Hastings Lake Rebecca Park Area

\$1,200,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the city of Hastings to develop an ecological-based master plan for Lake Rebecca Park and to enhance habitat quality and construct passive recreational facilities consistent with the master plan. No funds for implementation may be spent until the master plan is complete.

(h) Connecting the Mississippi Flyway to Urban Open Space

\$175,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the Minneapolis Parks and Recreation Board to conduct a pilot

project to enhance and restore habitat in and between neighborhood parks and the Mississippi Flyway to increase habitat connectivity.

(i) River Habitat Restoration and Recreation in Melrose

\$575,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the city of Melrose to conduct habitat restoration and create fishing, canoeing, and camping opportunities along a segment of the Sauk River within the city of Melrose and to provide public education about stream restoration, fish habitat, and the importance of natural areas.

(j) Restoring Forests and Savannas Using Silvopasture - Phase 2

\$414,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with Great River Greening to continue to partner with the University of Minnesota and the Sustainable Farming Association to demonstrate, evaluate, and increase adoption of the combined use of intensive tree, forage, and livestock management as a method to restore threatened oak savanna habitats.

(k) Minnesota Green Schoolyards

\$631,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with The Trust for Public Land to renovate schoolyards to be student- and community-designed park-like spaces that provide water, air, and habitat benefits and foster new generations of stewards. This appropriation is also to develop and support an action plan for a statewide green schoolyards program.

(l) Pollinator Plantings and the Redistribution of Soil Toxins

\$384,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota to map urban and suburban soil toxins of concern, such as heavy metals and microplastics, and to test whether pollinator plantings can redistribute these toxins in the soil of yards, parks, and community gardens and reduce exposure to humans and wildlife.

(m) Mitigating the Effects of Visitor Use Patterns

\$310,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the Superior Hiking Trail Association to rehabilitate and renew Superior Hiking Trail campsites, trailheads, and trail segments for a more resilient future amid unprecedented use.

(n) PFAS Fungal-Wood Chip Filtering System

\$189,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota to identify, develop, and field-test various types of waste wood chips and fungi to sequester and degrade PFAS leachate from contaminated waste sites. This appropriation is subject to Minnesota Statutes, section 116P.10.

(o) Phytoremediation for Extracting Deicing Salt

\$365,000 the second year is from the trust fund to the Board of Regents of the University of Minnesota to protect lands and waters from contamination by collaborating with the Department of Transportation to develop methods for using native plants to remediate roadside deicing salt.

(p) Mustinka River Fish and Wildlife Habitat Corridor Rehabilitation

\$2,692,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the Bois de Sioux Watershed District to permanently rehabilitate a straightened reach of the

Mustinka River to a naturally functioning stream channel and floodplain corridor for water, fish, and wildlife benefits.

(q) Bohemian Flats Savanna Restoration

\$200,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with Minneapolis Park and Recreation Board to restore an area of compacted urban turf within Bohemian Flats Park and adjacent to the Mississippi River to an oak savanna ecosystem.

(r) Watershed and Forest Restoration: What a Match!

\$2,908,000 the second year is from the trust fund to the Board of Water and Soil Resources, in cooperation with soil and water conservation districts, the Mille Lacs Band of Ojibwe, and the Department of Natural Resources, to accelerate tree planting on privately owned, protected lands for water-quality protection and carbon sequestration.

29,140,000

(a) Mesabi Trail: Wahlsten Road (CR 26) to Tower

\$1,307,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the St. Louis and Lake Counties Regional Railroad Authority to acquire, engineer, and construct a segment of the Mesabi Trail beginning at the intersection of Wahlsten Road (CR 26) and Benson Road in Embarrass and extending to Tower.

(b) The Missing Link: Gull Lake Trail, Fairview Township

\$1,394,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with Fairview Township to complete the Gull Lake Trail by engineering and constructing the trail's final segment

through Fairview Township in the Brainerd Lakes area.

(c) Pierz Park and Campground Expansion Project

\$200,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the city of Pierz to purchase land adjacent to a city-owned park and campground for conservation and recreational uses and to create a master plan for the park and campground to serve regional natural resource and recreational needs.

(d) Redhead Mountain Bike Park

\$1,285,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the Minnesota Discovery Center to enhance outdoor recreational opportunities by adding trails and recreational amenities to the Redhead Mountain Bike Park in Chisholm.

(e) Environmental Learning Classroom with Trails

\$82,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with Mountain Iron-Buhl Public Schools to build an outdoor classroom pavilion, accessible trails, and a footbridge within the Mountain Iron-Buhl School Forest to conduct environmental education that cultivates a lasting conservation ethic.

(f) Local Parks, Trails, and Natural Areas Grant Programs

\$3,400,000 the second year is from the trust fund to the commissioner of natural resources to solicit, rank, and fund competitive matching grants for local parks, trail connections, and natural and scenic areas under Minnesota Statutes, section 85.019. This appropriation is for local nature-based recreation, connections to regional and state natural areas, and recreation facilities and

may not be used for athletic facilities such as sport fields, courts, and playgrounds.

(g) St. Louis River Re-Connect

\$1,200,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the city of Duluth to expand recreational access along the St. Louis River and estuary by implementing the St. Louis River National Water Trail outreach plan, designing and constructing upgrades and extensions to the Waabizheshikana Trail, and installing interpretive features that describe the cultural and ecological significance of the area.

(h) Native Prairie Stewardship and Prairie Bank Easement Acquisition

\$942,000 the second year is from the trust fund to the commissioner of natural resources to provide technical stewardship assistance to private landowners, restore and enhance native prairie protected by easements in the native prairie bank, and acquire easements for the native prairie bank in accordance with Minnesota Statutes, section 84.96, including preparing initial baseline property assessments. Up to \$..... of this appropriation may be deposited in the natural resources conservation easement stewardship account created under Minnesota Statutes, section 84.69, proportional to the number of easements acquired.

(i) Minnesota State Parks and State Trails Acquisitions

\$3,230,000 the second year is from the trust fund to the commissioner of natural resources to acquire high-priority inholdings from willing sellers within the legislatively authorized boundaries of state parks, recreation areas, and trails to protect Minnesota's natural heritage, enhance outdoor recreation, and improve the efficiency of public land management.

(j) Silver Bay Multimodal Trailhead Project

\$1,650,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the city of Silver Bay to develop a multimodal trailhead center to provide safe access to the Superior, Gitchi-Gami, and C.J. Ramstad/North Shore trails; Black Beach Park; and other recreational destinations.

(k) Minnesota State Trails Development

\$6,022,000 the second year is from the trust fund to the commissioner of natural resources to expand recreational opportunities on Minnesota state trails by rehabilitating and enhancing existing state trails and replacing or repairing existing state trail bridges.

(l) Brookston Campground, Boat Launch, and Outdoor Recreational Facility

\$453,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the city of Brookston to build a campground, boat launch, and outdoor recreation area on the banks of the St. Louis River in northeastern Minnesota. Before any trust fund dollars are spent, the city must demonstrate that all funds to complete the project are secured and a fiscal agent must be approved in the work plan.

(m) Silver Lake Trail Connection

\$727,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the city of Virginia to design, engineer, and construct a multiuse trail that will connect Silver Lake Trail to a new Miners Entertainment and Convention Center and provide lighting on Bailey Lake Trail.

(n) Preserving the Avon Hills with Reverse-Bidding Easements

\$1,604,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with Saint John's University, in cooperation with Minnesota Land Trust, to use a reverse-bid ranking system to permanently protect, restore, and enhance habitat in the Avon Hills area of Stearns County. Of this amount, up to \$..... is for use by Minnesota Land Trust in a monitoring fund as approved in the work plan and subject to Minnesota Statutes, section 116P.20. An annual financial report is required for any monitoring, management, and enforcement fund, including expenditures from the fund. A proposed list of acquisitions and restorations must be provided in the work plan. This appropriation is available until June 30, 2027, by which time the project must be completed and final products delivered.

(o) Floodwood Campground Improvement Project

\$816,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the city of Floodwood to upgrade the Floodwood Campground and connecting trails to provide high-quality nature and recreation experience for people of all ages.

(p) SNA Habitat Restoration, Public Engagement, and Protection

\$2,022,000 the second year is from the trust fund to the commissioner of natural resources for the scientific and natural areas (SNA) program to restore and enhance exceptional habitat on SNAs; increase public involvement and outreach; and strategically acquire lands that meet criteria for SNAs under Minnesota Statutes, section 86A.05, from willing sellers.

(q) Ranier Safe Harbor/Transient Dock - Phase 2

\$1,113,000 the second year is from the trust fund to the commissioner of natural resources

for an agreement with the city of Ranier to construct a safe harbor and transient dock to accommodate watercraft of many sizes to improve public access for boat recreation on Rainy Lake. Before trust fund dollars are spent, a fiscal agent must be approved in the work plan. Before any trust fund dollars are spent, the city must demonstrate that all funds to complete the project are secured. Any revenue generated from selling products or assets developed or acquired with this appropriation must be repaid to the trust fund unless a plan is approved for reinvestment of income in the project as provided under Minnesota Statutes, section 116P.10.

(r) Prospector ATV Trails

\$944,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the city of Ely to work with the Prospector ATV Club to extend and upgrade several sections of the Prospector ATV trail system.

(s) City of Biwabik Recreation Area

\$749,000 the second year is from the trust fund to the commissioner of natural resources for an agreement with the city of Biwabik to reconstruct and renovate Biwabik Recreation Area's access road, parking area, and bathroom facilities.

Subd. 10. Administrative and Emerging Issues

-0-

516,000

(a) 2022 Contract Agreement Reimbursement

\$210,000 the second year is to the commissioner of natural resources, at the direction of the Legislative-Citizen Commission on Minnesota Resources, for expenses incurred in preparing and administering contracts, including for the agreements specified in this section. Of this amount, \$132,000 is from the trust fund and \$78,000 is from the transfer of money appropriated under Laws 2021, First Special

Session chapter 6, article 5, section 2, subdivision 4, paragraph (b). The commissioner must provide documentation to the Legislative-Citizen Commission on Minnesota Resources on the expenditure of these funds.

(b) Emerging Issues Account

\$384,000 the second year is from the trust fund to an emerging issues account authorized in Minnesota Statutes, section 116P.08, subdivision 4, paragraph (d).

Subd. 11. Availability of Appropriations

Money appropriated in this section may not be spent on activities unless they are directly related to and necessary for a specific appropriation and are specified in the work plan approved by the Legislative-Citizen Commission on Minnesota Resources. Money appropriated in this section must not be spent on indirect costs or other institutional overhead charges that are not directly related to and necessary for a specific appropriation. Costs that are directly related to and necessary for an appropriation, including financial services, human resources, information services, rent, and utilities, are eligible only if the costs can be clearly justified and individually documented specific to the appropriation's purpose and would not be generated by the recipient but for receipt of the appropriation. No broad allocations for costs in either dollars or percentages are allowed. Unless otherwise provided, the amounts in this section are available for three years beginning July 1, 2022, and ending June 30, 2025, when projects must be completed and final products delivered. For acquisition of real property, the appropriations in this section are available for an additional fiscal year if a binding contract for acquisition of the real property is entered into before the expiration date of the appropriation. If a project receives

a federal award, the period of the appropriation is extended to equal the federal award period to a maximum trust fund appropriation length of six years.

Subd. 12. Data Availability Requirements Data

Data collected by the projects funded under this section must conform to guidelines and standards adopted by Minnesota IT Services. Spatial data must also conform to additional guidelines and standards designed to support data coordination and distribution that have been published by the Minnesota Geospatial Information Office. Descriptions of spatial data must be prepared as specified in the state's geographic metadata guideline and must be submitted to the Minnesota Geospatial Information Office. All data must be accessible and free to the public unless made private under the Data Practices Act, Minnesota Statutes, chapter 13. To the extent practicable, summary data and results of projects funded under this section should be readily accessible on the Internet and identified as having received funding from the environment and natural resources trust fund.

Subd. 13. Project Requirements

(a) As a condition of accepting an appropriation under this section, an agency or entity receiving an appropriation or a party to an agreement from an appropriation must comply with paragraphs (b) to (l) and Minnesota Statutes, chapter 116P, and must submit a work plan and annual or semiannual progress reports in the form determined by the Legislative-Citizen Commission on Minnesota Resources for any project funded in whole or in part with funds from the appropriation. Modifications to the approved work plan and budget expenditures must be made through the amendment process established by the Legislative-Citizen Commission on Minnesota Resources.

(b) A recipient of money appropriated in this section that conducts a restoration using funds appropriated in this section must use native plant species according to the Board of Water and Soil Resources' native vegetation establishment and enhancement guidelines and include an appropriate diversity of native species selected to provide habitat for pollinators throughout the growing season as required under Minnesota Statutes, section 84.973.

(c) For all restorations conducted with money appropriated under this section, a recipient must prepare an ecological restoration and management plan that, to the degree practicable, is consistent with the highest-quality conservation and ecological goals for the restoration site. Consideration should be given to soil, geology, topography, and other relevant factors that would provide the best chance for long-term success and durability of the restoration project. The plan must include the proposed timetable for implementing the restoration, including site preparation, establishment of diverse plant species, maintenance, and additional enhancement to establish the restoration; identify long-term maintenance and management needs of the restoration and how the maintenance, management, and enhancement will be financed; and take advantage of the best-available science and include innovative techniques to achieve the best restoration.

(d) An entity receiving an appropriation in this section for restoration activities must provide an initial restoration evaluation at the completion of the appropriation and an evaluation three years after the completion of the expenditure. Restorations must be evaluated relative to the stated goals and standards in the restoration plan, current science, and, when applicable, the Board of Water and Soil Resources' native vegetation

establishment and enhancement guidelines. The evaluation must determine whether the restorations are meeting planned goals, identify any problems with implementing the restorations, and, if necessary, give recommendations on improving restorations. The evaluation must be focused on improving future restorations.

(e) All restoration and enhancement projects funded with money appropriated in this section must be on land permanently protected by a conservation easement or public ownership.

(f) A recipient of money from an appropriation under this section must give consideration to contracting with Conservation Corps Minnesota for contract restoration and enhancement services.

(g) All conservation easements acquired with money appropriated under this section must:

(1) be permanent;

(2) specify the parties to an easement in the easement;

(3) specify all provisions of an agreement that are permanent;

(4) be sent to the Legislative-Citizen Commission on Minnesota Resources in an electronic format at least ten business days before closing;

(5) include a long-term monitoring and enforcement plan and funding for monitoring and enforcing the easement agreement; and

(6) include requirements in the easement document to protect the quantity and quality of groundwater and surface water through specific activities such as keeping water on the landscape, reducing nutrient and contaminant loading, and not permitting artificial hydrological modifications.

(h) For any acquisition of lands or interest in lands, a recipient of money appropriated under this section must not agree to pay more than 100 percent of the appraised value for a parcel of land using this money to complete the purchase, in part or in whole, except that up to ten percent above the appraised value may be allowed to complete the purchase, in part or in whole, using this money if permission is received in advance of the purchase from the Legislative-Citizen Commission on Minnesota Resources.

(i) For any acquisition of land or interest in land, a recipient of money appropriated under this section must give priority to high-quality natural resources or conservation lands that provide natural buffers to water resources.

(j) For new lands acquired with money appropriated under this section, a recipient must prepare an ecological restoration and management plan in compliance with paragraph (c), including sufficient funding for implementation unless the work plan addresses why a portion of the money is not necessary to achieve a high-quality restoration.

(k) To ensure public accountability for using public funds, a recipient of money appropriated under this section must, within 60 days of the transaction, provide to the Legislative-Citizen Commission on Minnesota Resources documentation of the selection process used to identify parcels acquired and provide documentation of all related transaction costs, including but not limited to appraisals, legal fees, recording fees, commissions, other similar costs, and donations. This information must be provided for all parties involved in the transaction. The recipient must also report to the Legislative-Citizen Commission on Minnesota Resources any difference between the acquisition amount paid to the seller and

the state-certified or state-reviewed appraisal, if a state-certified or state-reviewed appraisal was conducted.

(l) A recipient of an appropriation from the trust fund under this section must acknowledge financial support from the environment and natural resources trust fund in project publications, signage, and other public communications and outreach related to work completed using the appropriation. Acknowledgment may occur, as appropriate, through use of the trust fund logo or inclusion of language attributing support from the trust fund. Each direct recipient of money appropriated in this section, as well as each recipient of a grant awarded pursuant to this section, must satisfy all reporting and other requirements incumbent upon constitutionally dedicated funding recipients as provided in Minnesota Statutes, section 3.303, subdivision 10, and chapter 116P.

(m) A recipient of an appropriation from the trust fund under this section that is receiving funding to conduct children's services, as defined in Minnesota Statutes, section 299C.61, subdivision 7, must certify to the Legislative-Citizen Commission on Minnesota Resources, as part of the required work plan, that criminal background checks for background check crimes, as defined in Minnesota Statutes, section 299C.61, subdivision 2, are performed on all employees, contractors, and volunteers that have or may have access to a child to whom the recipient provides children's services using the appropriation.

Subd. 14. Payment Conditions and Capital Equipment Expenditures

(a) All agreements, grants, or contracts referred to in this section must be administered on a reimbursement basis unless otherwise provided in this section. Notwithstanding Minnesota Statutes, section

16A.41, expenditures made on or after July 1, 2022, or the date the work plan is approved, whichever is later, are eligible for reimbursement unless otherwise provided in this section. Periodic payments must be made upon receiving documentation that the deliverable items articulated in the approved work plan have been achieved, including partial achievements as evidenced by approved progress reports. Reasonable amounts may be advanced to projects to accommodate cash-flow needs or match federal money. The advances must be approved as part of the work plan. No expenditures for capital equipment are allowed unless expressly authorized in the project work plan.

(b) Single-source contracts as specified in the approved work plan are allowed.

Subd. 15. Purchasing Recycled and Recyclable Materials

A political subdivision, public or private corporation, or other entity that receives an appropriation under this section must use the appropriation in compliance with Minnesota Statutes, section 16C.0725, regarding purchasing recycled, repairable, and durable materials, and Minnesota Statutes, section 16C.073, regarding purchasing and using paper stock and printing.

Subd. 16. Energy Conservation and Sustainable Building Guidelines

A recipient to whom an appropriation is made under this section for a capital improvement project must ensure that the project complies with the applicable energy conservation and sustainable building guidelines and standards contained in law, including Minnesota Statutes, sections 16B.325, 216C.19, and 216C.20, and rules adopted under those sections. The recipient may use the energy planning, advocacy, and State Energy Office units of the Department

of Commerce to obtain information and technical assistance on energy conservation and alternative-energy development relating to planning and constructing the capital improvement project.

Subd. 17. Accessibility

Structural and nonstructural facilities must meet the design standards in the Americans with Disabilities Act (ADA) accessibility guidelines.

Subd. 18. Carryforward; Extensions

(a) The availability of the appropriation under Laws 2019, First Special Session chapter 4, article 2, section 2, subdivision 9, paragraph (e), National Loon Center, is extended to June 30, 2024.

(b) The availability of the transfers for the following projects are extended to June 30, 2024:

(1) Laws 2021, First Special Session chapter 6, article 5, section 2, subdivision 20, paragraph (a), clause (1), for the Unprecedented Change Threatens Minnesota's Pristine Lakes project;

(2) Laws 2021, First Special Session chapter 6, article 5, section 2, subdivision 20, paragraph (a), clause (2), for the Wastewater Pond Optimization project;

(3) Laws 2021, First Special Session chapter 6, article 5, section 2, subdivision 20, paragraph (a), clause (3), for the Applied Research in State Mineral and Water Resources project;

(4) Laws 2021, First Special Session chapter 6, article 5, section 2, subdivision 20, paragraph (a), clause (4), for the Chloride Pollution Reduction project;

(5) Laws 2021, First Special Session chapter 6, article 5, section 2, subdivision 20,

paragraph (a), clause (5), for the CWD Prion Research in Soils project;

(6) Laws 2021, First Special Session chapter 6, article 5, section 2, subdivision 20, paragraph (b), clauses (1) and (2), Lawns to Legumes;

(7) Laws 2021, First Special Session chapter 6, article 5, section 2, subdivision 20, paragraph (c), clauses (1) to (8), Emerging Issues Account; and

(8) Laws 2021, First Special Session chapter 6, article 6, section 2, subdivision 19, paragraph (a), clauses (1) to (4), for the Forest Health Research, Development and Demonstration project at the Natural Resources Research Institute.

(c) Notwithstanding Minnesota Statutes, section 16A.28, or any other law to the contrary, the availability of any appropriation or grant of money from the environment and natural resources trust fund that would otherwise cancel, lapse, or expire on June 30, 2022, is extended to June 30, 2023, if the recipient or grantee:

(1) by May 15, 2022, notifies the Legislative-Citizen Commission on Minnesota Resources in the manner specified by the commission that the recipient or grantee intends to avail itself of the extension available under this subdivision; and

(2) modifies the applicable work plan where required by Minnesota Statutes, section 116P.05, subdivision 2, in accordance with the work plan amendment procedures adopted under that section.

(d) The commission must notify the commissioner of management and budget and the commissioner of natural resources of any extension granted under paragraph (c).

EFFECTIVE DATE. Subdivision 18 is effective the day following final enactment."
